Democrats Cautious on Tax, Financial Policies

Tentative Platform Draft Assails Sales Levy, but With Key Qualifications

BY JOHN WYNGAARD
Post-Crescent Staff Writer

La Crosse — Democrats are taking a more cautious position on state taxation and finance policy in this election year they seem sure will bring them victory and control of the state government.

Some principal party leaders have been giving clues during recent weeks, and the proposed party platform at the state Democratic convention here offers another.

The platform again will as-

sail the sales tax as a means of financing the state budget, but with significant qualifications.

In former years the party stood for higher income taxes. This year the anti-sales tax plank will be coupled with a pledge to review the entire state tax program.

"The Democratic party is not ready to accept any proposals which are advanced until it is determined how they would affect all economic groups," says a tentative draft of the campaign document that will be before convention delegates.

Less Importance

Most students of state fiscal affairs know that if the upper bracket income tax rates are not increased, additional state treasury income must come from a "flattening" of the rates (which would impose greater burdens upon the middle brackets) or through the adoption of a sales tax. Sales tax advocates argue that a levy on sales with generous exemptions — as for food and clothing — would have about the same effect as most of the proposals for higher rates on middle income brackets.

The substance of the Democrats' position on taxation, if the tentative platform draft is approved as expected, is that the tax issue will have less importance in the new competition between the parties than in recent years.

The Republican voluntary organization platform adopted recently left an "open door" for a sales tax revision through a state tax, without explicitly advocating such action.

What Does It Mean?

The carefully non-committal platform draft may mean any one of several things.

It may mean that Sen. William Proxmire, who dominated platform writing during three previous campaigns when he headed the state ticket as the nominee for governor, is giving way to other influential personalities in the party.

It may mean that some of the party leaders, believing they may hold power in Madison next year, don't want to commit themselves to a course they are not sure they can carry out.

It may mean that Sen. Gaylord Nelson, the party's prospective standard-bearer as candidate for the governorship — thus far unopposed for nomination — is asserting himself in this key field of party policy.

Nelson has been careful in discussing tax policy and has repeatedly offered a plan for a thorough — going review of the state tax burden when asked for his tax position during his campaign to date.

He also is known to feel that the present state income tax rates, which business forces in the state want to ameliorate by way of a sales tax, are probably as high as they can safely

Heavy Fighting in Beirut May Indicate Showdown Struggle

Worst Battle in Lebanese Capital Since Outbreak Began

Beirut — Heavy fighting erupted today inside Beirut. It looked like a showdown battle between government and rebel forces.

It was by far the worst battle in the capital since the rebellion began in Lebanon 36 days ago. At least three big battles were being fought between security forces and insurgents who are trying to overthrow the pro-western government of President Camille Chamoun.

One of the battles was raging around the Associated Press office in the Zefir district on the edge of a Moslem quarter. The fighters were blasting away with pistols, rifles, machine guns and mortars.

Near Palace

The most intensive firing was between the Associated Press office and the presidential palace, about 300 yards away.

Another big battle was being fought about 300 yards in the opposite direction, in the Moslem quarter of Basta, the barricaded sector used as rebel headquarters.

The third battle was raging on the city's outskirts for Ramel prison.

It was not immediately known which side launched the attack. With U. N. observers moving into Lebanon, it could be a desperate insurgent attempt to bring down the government.

It also could be a government offensive to wipe out insurgents holed up in the Basta district. The government outlawed the three rebel political parties yesterday.

Fighting on the outskirts of

the city started when insurgents tried to capture Ramel prison, located midway between the city and the airport. First reports said that insurgents fought their way into the prison yard. Before they could release any prisoners, security forces attacked and were reported driving them away.

Search Ended For Airman

Missing Youth Travels by Bus After Plane Crash

Dallas — Police picked up Donald Keeton at his mother's house today to end a widespread search for the lovesick airman who threatened suicide. He said he made a dramatic plane flight from Mississippi because "I wanted to see my girl."

The girl, Doris Lynn Bowling, 17, flew into his arms at the police station.

But then she told reporters, "I know I'll never marry him. He knew that before this."

Keeton, 19, took off Thursday in a rented plane from Gulfport, Miss., after leaving a suicide note. He flew an erratic course, finally crashed the plane near Tyler, Texas, and rode a bus to Dallas.

Widespread Search

Meanwhile, planes and ground parties searched a vast area of Louisiana and Texas fearing he had crashed.

The suicide note "was just a lot of baloney," he told his widowed mother, Mrs. Anna Belle Keeton.

He told reporters he wrote the note as a ruse to gain extra time after leaving Gulfport. He said he felt the search would be directed out over the Gulf of Mexico in expectation that he had plunged his plane into the sea.

His commanding officer at Keesler Air Force base, Col. George L. Robinson, said normal military action will be taken. A spokesman at the base said he will be charged with being "absent over leave." Maximum punishment on conviction would be 30 days' confinement or demotion or both, the spokesman said.

Russia Agrees To Geneva Talks Starting July 1

Scientific Experts Try To Find Way To Ban Nuclear Tests

Moscow — The Soviet Union has agreed to begin scientific exploration talks in Geneva July 1 on ways to police any worldwide ban of nuclear explosions.

The Russian agreement came yesterday in answer to proposals Tuesday by President Eisenhower. Eisenhower's message, which followed similar earlier proposals, avoided a flat U. S. commitment to stop testing atomic and hydrogen bombs. The west has insisted that technical talks on inspection must come first.

Wants Quick Action

Russia announced in April that she was suspending nuclear tests and challenged the west to follow her lead. The Russians have consistently rejected the idea of inspection and control and claimed the tests could be stopped by a simple declaration from the atomic powers, currently Russia, the United States and Britain, with France believed coming up fast.

The Russians note said the technical talks should be concluded in three or four weeks and plugged the Soviet position by saying the Geneva meeting should lead to a quick suspension of all tests.

The west has made repeated appeals to Russia to discuss nuclear controls. Last month the 15 members of the North Atlantic Treaty Organization invited Russia to join in technical talks and said they would go ahead with their own disarmament studies even if she refused.

Officials in Washington were reported pleased by Russia's agreement to sit down at the time and place suggested by Eisenhower. Russia had proposed that any talks be conducted in Moscow.

Jury Can't Agree, New Trial Set for Cohen

Los Angeles — Former Gambler Mickey Cohen will be retried on a charge of assault on a federal officer.

A jury was dismissed Friday when it couldn't agree on the guilt or innocence of Cohen.

The second trial was set for July 21.

"It's a dastardly thing," said Cohen. "It's a way of breaking a man's back—in this case finding 'absent over leave.' I can't afford anything but maximum punishment on conviction or trial."

Cohen is charged with assaulting narcotics agent Howard Chappell.

Two Priests Released by Red Chinese

Hong Kong — Peiping radio announced the release today of the last two American Catholic priests imprisoned in communist China.

The Rev. Joseph P. McCormack of the Maryknoll seminary, Ossining, N.Y., and the Rev. Cyril P. Wagner of Pittsburgh and Chicago were released at Shanghai, a broadcast heard here said.

They were freed "on the ex-

Fr. McCormack Fr. Wagner piration of their prison terms," the broadcast said. The two priests were arrested June 15, 1953, and sentenced to five years in prison on communist charges of espionage.

There was no immediate indication when or even if the two priests might leave China.

Their release leaves four Americans known to be still in Chinese communist jails on spying charges.

They are businessmen Robert E. McCann of Altadena, Calif., and Hugh Francis Redmond of Yonkers, N.Y., and John Thomas Downey, a civilian employee of the U. S. army from New Britain, Conn., and Richard George Fecteau, also an army employee from Lynn, Mass.

A third American Catholic priest, Bishop James Edward Walsh of Cumberland, Md., is still in Shanghai. He had been held under various forms of house arrest and detention but never been imprisoned as far as is known.

2 Asphyxiated On Destroyer

3 Other Sailors Treated for Carbon Dioxide Poisoning

San Diego, Calif. — Two sailors were asphyxiated last night when carbon dioxide from the fire smothering system of the destroyer Cogswell was released into a closed compartment, the navy said.

Three other sailors were treated for carbon dioxide poisoning at the navy hospital. A spokesman said they were in satisfactory condition.

Names of the dead men were withheld pending notification of next of kin. None of the survivors is from Wisconsin.

The Cogswell was berthed alongside the destroyer tender Dixie in San Diego bay.

Accidentally Locked In

Rear Adm. Frank Fenno, commander of the Pacific destroyer-cruiser force, said the accident occurred in the emergency diesel generator room, one deck below the main deck.

Fenno said it appeared the five men were accidentally locked in the inner compartment by a slamming door and carbon dioxide was released from the fire smothering system. The carbon dioxide did not escape to other parts of the ship.

Charges U. S. Helping France Fight Rebels

Tunis — A spokesman for the Algerian rebels accused the United States today of standing back and watching their rebellion like a football game while arming the French team.

The spokesman charged that only the receipt of U. S. aid has enabled France to fight the rebels for 43 months.

"Give us one plane, only one civilian transport with only one of its four engines working and we will believe the United States is not supporting French colonialism," the rebel said.

Pilot Says Airliner Nearly Hit 3 Jets

Denver — The pilot of a United Air Lines DC66 airliner with 53 persons aboard said his plane narrowly missed a collision with three unidentified jet aircraft over the Rocky mountains late Friday.

Capt. J. C. Moody of Denver said he took evasive action to avoid a possible collision shortly after taking off from Salt Lake City.

Moody was pilot of a Seattle-to-Denver flight. The plane carried 50 passengers.

Moody said the three jets passed under his 4-engine airliner. He did not indicate by what margin he escaped a possible collision.

Senator Says Adams Must Explain More Fully or Usefulness Is Ended

Washington — Republican Sen. Charles Potter of Michigan said today Sherman Adams "has lost his usefulness to the administration" unless he can account more fully for expensive favors from Boston industrialist Bernard Goldfine.

But despite a swelling political furor over President Eisenhower's top aide it seemed likely that no further explanation would be forthcoming for the time being at least.

Other Developments

White House Press Secretary James C. Hagerty yesterday refused to go beyond Adams' written explanation Thursday to a house subcommittee which earlier produced evidence that Goldfine paid some \$2,000 in Boston hotel bills for Adams over a 4-year period.

Hagerty repeated that Eisenhower has complete confidence in Adams and has no intention of firing him.

Meanwhile, Goldfine was involved in two other developments.

The New York Herald Tribune reported Goldfine was un-

der investigation by the criminal division of the justice department, which it said has subpoenaed certain books and records of the New England millionaire. A spokesman for the justice department declined to comment on the report.

Sen. Frederick G. Payne (R-Maine) said he received a vicuna coat from Goldfine some time ago. He described Goldfine as a "long and close friend" who had never asked any favors. Payne said his family had exchanged gifts with the Goldfines at Christmas time.

In a letter to Subcommittee Chairman Oren Harris (D-Ark), Adams acknowledged he had been a hotel guest of Goldfine in Boston and Plymouth, Mass. Describing Goldfine as an old friend, Adams said he had thought Goldfine kept the hotel rooms on a permanent basis.

Although saying he had contacted two federal regulatory agencies on cases involving Goldfine, Adams said insinua-

tions that he had sought or obtained favored treatment for his friend were unwarranted and unfair.

Hagerty, who said Adams had knocked the favored treatment allegations "into a cocked hat," refused to say whether Adams, as reported, had accepted a \$700 vicuna coat or a \$2,400 Oriental rug from Goldfine. Adams' letter said nothing about a coat or a rug. He has been unavailable to newsmen.

Potter Not Satisfied

Subcommittee Counsel Robert W. Lishman said he has no evidence that Adams received such gifts from the wealthy Boston industrialist.

However, Potter issued a statement saying: "I campaigned against the mink coat and deep freezes of the Truman administration and that goes for vicuna coats and Oriental rugs, too. Unless Adams can present a fuller explanation than that in the letter he has lost his usefulness to the administration."

4 Youths Escape Injury as Stolen Car Leaves Road

Green Bay — Two boys and two girls escaped injury Friday night when a stolen auto swerved off a highway at more than 100 miles per hour.

Leonard Zorn, Brown county traffic officer, said he was pursuing the car when it shot off Highway 54 at a speed of about 110 miles per hour.

Zorn said the auto somersaulted and rolled 900 feet off the road, coming to rest in a swampy area just west of the city.

The officer said the youngsters jumped from the auto and fled when he approached on foot. One girl halted when he fired a shot in the air, and she identified her companions.

The boys, both 16, were held in the Brown county jail after they admitted stealing the auto earlier Friday night from a residential garage.

The girls, 16 and 13, were released to their parents' custody.

Four Waupaca Students Go to Badger State

Waupaca — Four Waupaca High school students left today for Ripon, Wis., where they will represent Waupaca in the annual Badger Boy's state activities.

They are Tom Shambau, James Daniels, Paul Kopp and Spencer Martin. All will be seniors next fall.

The youths are sponsored by the Waupaca and King American Legion posts, the Waupaca VFW post and the Lions club. During the week long slate of activities, they will participate in a model government, electing officers and conducting business in an effort to learn government workings.

On Wednesday, two Waupaca senior students, Laurie Kelly and Deanna Dushke will leave for Madison where they will participate in Girl's State activities. They are sponsored by the Legion and VFW auxiliaries here.

French-Fryer Fire Causes Minor Damage

Waupaca — Minor damage resulted from a french-fryer fire at the Hearth about 2:45 Friday afternoon. Waupaca firemen answered the call from the restaurant located on the Chain O' Lakes.

There was some smoke damage in the kitchen and several cartons of straws and miscellaneous table goods were damaged.

The Hearth is owned by Foster Diley.

An Open Letter To All The Dads Who Were Our Daddy's Friends:

Did you miss seeing this fellow around town lately? Well we sure miss him around here. We miss him . . . but we'll never forget him cause he's our Daddy and the greatest guy ever!

Before Daddy died he worked hard to build a home and business for us and we're proud of him for planning it that way.

With seven children to take care of and many other things to do, Mom hasn't had too much time to let everyone know about our business . . . so we'd like to make this special invitation.

You'll find all of us friendly and eager to serve your furniture needs . . . and save you money, too. You'll like our clean, modern store . . . and the attractive display of furniture. Won't you stop out soon?

We know it'd make our Daddy mighty happy . . . and would help us get a start here, too. Thank you . . . and

A Very Happy Father's Day to You All!

FATHER'S DAY — 1958

British Leader Voices Key to Peace or War

Claims World Trust Can't be Had Until Reds Stop Censorship

BY DAVID LAWRENCE

Washington — Prime Minister Harold Macmillan of Great Britain has just stated the biggest single truth that can make the difference between world peace and another world war. He puts his emphasis on the word "trust" and declares it cannot be achieved between the west and the east until the Soviet government abandons its censorship of communications.

The prime minister didn't specifically say so, but his remarks at the national press club here could apply to the untruthful statement made over a nationwide television network by Mikhail Menshikov, the Soviet ambassador, who, too, called for mutual trust but then went on to tell a barefaced lie. He said there is no censorship of the news coming out of Russia.

Here are Macmillan's exact words.

"I think there can be no real

testimony between these two great divisions of the world until the Soviet Union has achieved sufficient self-confidence to abandon the control and censorship of communications.

Rather Depressing

"It is rather depressing to me that even now the Soviet government should think it necessary to spend so much time, effort, ingenuity and money on jamming the broadcasts from the western countries. And as long as this kind of negative thinking prevails, there can be no great optimism about the prospects for a wide, more comprehensive settlement."

This, of course, is the root of the trouble—it's the perennial cause of misunderstanding and mistrust.

Since the news of what is happening inside the Soviet Union is censored and the people of that country are not permitted to read what is happening in their own government or in the governments abroad, there can be no solid basis for a peaceful relationship. Inevitably distortions will lead to the misunderstandings and miscalculations which so often in the past have brought on war.

Throughout the whole world today there is a demand by public opinion that every step humanly possible shall be taken to avert a war. Many persons have gone to lengths almost of fanaticism in arguing, for instance, that suspension of nuclear tests is a start toward avoidance of war. But this is a delusion.

The Soviet Union may prate about a desire to stop testing, but there are enough H-bombs already in its stockpile to destroy hundreds of millions of human beings if war does break out. The misguided theory that suspension of the

testimony between these two great divisions of the world until the Soviet Union has achieved sufficient self-confidence to abandon the control and censorship of communications.

American Factions

Yet in America there are factions, some of them partisans which have sought to make it appear that the United States is blocking peace because it doesn't want to agree to suspend nuclear tests without some controls on the production and use of H-bombs. Many prominent Democrats have put themselves in the position of aiding the Soviet side of the debate by insisting that a suspension of nuclear tests alone is desirable, no matter whether any agreements are reached.

Prime Minister Macmillan, however, who has to face in his own country the same kind of misuse of international issues for partisan purposes, takes the flat position that suspension of nuclear tests cannot be agreed to by Great Britain until it has full knowledge of atomic matters that now are withheld by the United States through an act of congress.

To put it another way, the prime minister is thinking of the security of his own country, he puts first and foremost the necessity of more testing and uses this to a further acquisition from the United States of scientific data that can be utilized in British tests.

What seems strange is that, with all the disclosures in recent testimony in congress about the horrible ways by which germs now can be used in chemical warfare, no group of zealots has come forward to demand that these tests—which are going on all the time in the laboratories of the world—should also be suspended. Indeed Khrushchev has just an-

Chemise, Sack Not Popular In Hollywood

Hollywood is turning thumbs down on the chemise, bell and sack styles, said an attractive brunet dress designer for the movie industry this week when she visited the Post-Crescent offices.

She is Miss Fran JaCob, on a 10-week tour in connection with the suspense movie, "Macabre," which opens Wednesday at the Rio theater. Miss JaCob designed the wardrobe of one of the film's stars, Christine White.

"Not even the semi-chemise style is being worn much in Hollywood," said Miss JaCob.

Miss Fran JaCob, Hollywood dress designer for Allied Artists, poses in the Appleton Post-Crescent studio in a white outfit she designed for summer wear on her tour through the Midwest. The simple sheath gown is a 2-piece cotton knit with a touch of cotton lace. Her hat is white straw with a flower cluster on the side. (Post-Crescent Photo)

as she made clear her positive dislike for the new fashions. From a dress designing viewpoint, she said, they have no style. Their lines don't do justice to any girl or woman and, no matter how expensive or beautiful the material, the dress is cheapened, she believes.

"You can't do much to enhance good figure points, with a potato sack, after all," she said firmly.

Dress Gets Her a Job

It was her cleverness in dress design which brought her to Hollywood and the Allied Artists studios five years ago. Although her family lives in the San Fernando valley, she was "discovered" in New York City, where she was studying at a school of fashion and design.

A Hollywood producer saw her at a party in New York and was impressed with her gown she was wearing. It was one she had designed for herself, a drop sleeved sheath with a fishtail back that swooped a bit out and down below the hemline.

The designer first became interested in fashions when she was modeling clothes during her high school years for a dress shop in Aberdeen, S. D.

Creating a dress for the movies is quite different from ordinary fashion designing. Miss JaCob explained. She must read the play script to get the idea of what is needed in the way of mood or action of the scene in which the garment is to be worn and then she has to interview the actress who is to wear it. In historical work, research must be done to make the clothing authentic.

Even after the design is off the drawing board, swatches of material color suggestions and details make the rounds with the black and white sketch for the approval of from eight to 10 persons, she said.

Boating Safety Measures a Must

The tragic death of an Appleton youth on the Fox river last week has brought quick action from city leaders to insure greater safety for boaters on the Fox river, plus a lot of discussion on how a more permanent solution can be found. Mayor Mitchell has ordered the city's police boat to patrol the river on weekends, a move which reportedly already has caused a distinct improvement in the way boaters handle themselves in the area.

City police, however, cannot provide a permanent, effective patrol setup for the river, much less for other waters in this area. Presumably they can act only within city limits, which means that such a large body of water as Little Lake Butte des Morts is without enforcement, to say nothing of Lake Winnebago, Green Bay, Waupaca's Chain O'Lakes and other places where boaters are active.

One of the legal problems any enforcement program will run up against is the question of federal vs. state authority. Recently a Green Bay man was arrested by a Brown county undersheriff and charged with reckless operation of his boat on the river. The defendant immediately claimed that the county had no jurisdiction because the Fox is a navigable waterway and therefore under federal jurisdiction. The state law under which he was charged says that

"any person who shall drive, operate or use a motor boat on the waters of the state in a careless, negligent or reckless manner so as to endanger the life, property or persons of others" is subject to fine or imprisonment, but an earlier part of the statute dealing with life preservers speaks of waters under the "exclusive jurisdiction of the state." Obviously something has to be worked out so that either the federal government provides adequate enforcement on waters under its jurisdiction, or permits the state and its subdivisions to do so.

The Coast Guard is charged with maintaining safety on federal waters such as the Fox river, Green Bay and Lake Winnebago, but does not have anywhere near enough manpower or equipment to do so. Officially it has authority to make arrests, but in practice does so only when a citizen files a complaint, which doesn't happen very often.

With the tremendous increase in the number of boats, and people operating them, something must be done to protect the vast majority who operate their boats safely from the reckless or ignorant few. It is something that federal, state, county and municipal authorities are going to have to work out so that there is no "twilight zone" either of jurisdiction or enforcement into which violators can escape.

What to Name a Prison?

The State Department of Public Welfare plans to build a medium security prison near Fox Lake, in Dodge county. The board is pretty well agreed on all details but it seems to be in trouble in the selection of an appropriate name.

It is quite evident that previous boards had the same trouble. The evidence of this can be seen in the names of existing institutions, such as Northern Wisconsin Colony and Training School, Wisconsin Home for Women, Wisconsin State Prison, Wisconsin State Reformatory.

Except for State Prison and State Reformatory, most of the names on our state institutions are long, clumsy and meaningless. Wisconsin Home for Women tells nothing about the character of the institution. When the address, Taycheedah, is included most people in Wisconsin recognize it as a prison. Sangor B. Powers, director of the Division of Corrections in the Welfare department, can't seem to decide between the notion that the name should be carefully and exactly descriptive on the one hand, and that the name makes little difference on the other hand. From his division he has suggested four possible names: Wisconsin Correctional Institution, Wisconsin Institution for Men, Fox Lake Correctional Institution, and State Correctional Institution.

He doesn't want to call it a prison since that emphasizes the idea of custody, and he

thinks it will be too big to be called a camp. He would like to emphasize the idea of correction since that is the real goal of his division. However, he thinks the official name will be merely something to print in the records, while the institution will be referred to merely as Fox Lake just as the state prison is now called Waupun and the state reformatory is called Green Bay.

However that may be, would it not be much better to give the institution a usable title in the first place and thus prevent it from taking over the name of a city? The people who name warships have occasionally displayed a genius for getting the flavor of power and valor into names. The British frequently pick such names as Vanguard, Victory, Invincible, and the French have chosen Redoubtable and Guerriere.

The people who name race horses also are highly skilled in selecting names. Horses have run under such names as Treasure Way, Coming Glory, Dared To, Meant Well, Worthy Towne, Hill Top Glen, Discard, Lion's Mouth, Cow Town, Hat Creek, Outfoxed. These monikers may not be directly helpful in naming a prison but perhaps they suggest a new field for exploration. Why not try a name like Rebound, The Come-Back, Opportunity Place, Another Chance, Never Again and so on in endless variety? Or if there really is nothing in a name, why not call the place No. 2?

Madison Drives for Industry

Madison has a drive on to raise \$500,000 through the sale of stock in the Madison Improvement corporation. The funds will be used for the purchase and development of industrial parks.

The intention is to develop the industrial sites with streets and utilities to attract new industries or encourage the expansion of existing industries. The reasons given by the Madison promoters are to provide jobs for the children who are now growing up in Madison, and to increase the city's tax base.

It is pointed out that the city invests about \$4,000 in each child before he graduates from high school. This is a good investment if the young adult can be kept at home to contribute new wealth to the city.

Looking Backward

New Steamboat Run Announced

79 YEARS AGO

Quoted from the Appleton Crescent for the week of June 14, 1879.

The Union Steamboat company, Messrs. Cargill and Van agents, are now running Propellers Canasta and Toledo between Green Bay and Buffalo regularly.

One of these boats leave Green Bay and Buffalo each Wednesday during the season, touching at intermediate points. The boat leaves Green Bay at 11 o'clock Wednesday morning so that passengers can make close connections on the 5 o'clock C. N. W. R. R. early train north.

The boats are perfectly safe and well officered. The cabins and staterooms are pleasant and homelike. With the good company of books and friends one may enjoy perfect rest on a journey of this kind. By all means try the Green Bay and Buffalo route.

25 YEARS AGO

Saturday, June 10, 1933

One Appleton and two Menasha band members won honors at the national high school band tournament at

Evanston, Ill. Virgil Stefens, Appleton, was awarded second place in French horn solo work, and Virginia Mack, Menasha, and Raymond Miller, Menasha, were tied for third place with Ripon and Waupun soloists.

Someone in city hall had a bright idea that women of undue proportions would appreciate. To save fat women the embarrassment of parading in a swimming suit, it was suggested that dressing rooms in the proposed new municipal swimming pool be built three feet over the water, and equipped with a trap door so the plump and bashful ones can drop from their dressing rooms into the water without being seen.

Reports of damage caused by the windstorm which swept through this vicinity late Thursday afternoon continued to be received. This storm wrecked scores of big barns, demolished hundreds of small farm buildings, uprooted thousands of shade and fruit trees, caused some damage to crops, and left destruction on the farms in its path.

10 YEARS AGO

Saturday, June 12, 1948

The Outagamie county chapter of the American Red Cross was to equip three cars owned by qualified first aid instructors as mobile first aid units that summer. Miss Edith Lewis, executive secretary, announced.

Tom Dietrich, Appleton, was chosen one of the 12 best artists in Wisconsin. A native of Appleton and at present teaching and working at Lawrence, Dietrich was being honored at Milwaukee where a one-man show of his works opened Friday.

Laverne Nelsen, Neenah, and Robert Peterson, Larsen, who went through high school, college and seminary together were to be ordained together the afternoon of June 27 in their home church, Grace Lutheran of Winchester. The Rev. Martin Anderson, president of the eastern district of the Evangelical Lutheran church, was to conduct the ordination.

June

Fingers of light are reaching up
Shadows are running to hide
Out of the silent dreaming hills
Horsemen of the new day ride

Harps of the eager wayward wind
Play a sweet old joyful tune
Heralds of peace race through the land
For this is a day in June

Jack in the pulpit is preaching
A sermon that men should know
Wild roses scent the morning air
Bridal wreath is there on show

Red clover in gay profusion
Wood violets of dainty hue
They've come to join the big parade
To march in the grand review

Blue waters dance to the rhythm
Of soft warm winds in the pines
The new leaves of the old oak tree
Whisper to the clinging vines

There's a flash of fleeting beauty
As a bluebird moves in flight
High above swift purple martins
Wing their way through golden light

A crow calls from his lofty perch
High in the pine on the hill
A little wood duck seeks his mate
On the pond down by the mill

We want to keep these glad June days
Their glories in perfect rhyme
We long to stay their onward march
To curb their flight into time

Says Alderman Shows Little Sense of Responsibility

Editor, Post-Crescent:

As long as Appleton has ordinance 1624 and 1625 in effect, Mr. Austin N. Tucker is in "big business" ranting and raving about, "how unalterably opposed to censorship in any form" he might be ! ! ! ! They are the law ! ! ! !

For an alderman who hasn't been a member of the common council "long enough to get his feet wet" — he was selected April 15th — to show so little knowledge of his responsibilities is indeed shocking.

He prattles about his belief in everyone's "right to petition" in paragraph 3 of his People's Forum article (6-2-58) while in paragraph 6 this "Blackstone" of the common council "pooohs-pooohs" the idea of "2,100 Appleton citizens 'bothering' the Board of Censors."

His double-talk in paragraphs 4 and 5, questioning the ability of Mayor Mitchell, Police Chief Hendricks and City Attorney Jentry to judge the merits of a questionable movie, and at the same time indicating that the Board of Censors have other "useful, desirable and essential functions, involving the well being of many community activities" is a lot of "bologna" ! ! ! ! It plainly shows that he never read either ordinance, or he has not the ability to interpret them.

One thing that should give Alderman Tucker some consolation, is the fact that the Board of Censors O. K.'d the

picture for those over 18; this should enable Alderman Tucker to enjoy the picture to "his heart's content" ! ! ! !

They Were Left In the Basement

Editor, Post-Crescent:

So! We "hit the panic button," did we? There is something about this rather light-hearted treatment of our serious action in preparing for an expected emergency (we happen to be one of those families who spent part of that night in our basement) that I find extremely irritating.

When Radio Station WHBY — and unless I am'misformed, this is the station we are to stay tuned to in time of disaster — broadcasts at approximately 10-minute intervals that a tornado (not a tornado cell or anything else) is due here at 11:45, what are we supposed to do? Sit on our hands?

Let us hope that if ever a real disaster occurs, be it flood, fire, tornado or bombs, we will be correctly informed by this station and the sheriff's office, that the theaters and other public buildings will be notified, and that this station won't go off the air with a cheery "Good Night," leaving us sitting in the basement!

This Is What a \$2,181,672,000 Tax Levy Means

BY JOHN WYNGAARD

Madison — Occasionally there turns up in the grist of a news office an item of such overwhelming force that it requires an effort of consciousness to comprehend it fully.

Thus it was the other day when most of the agencies dismissed in a paragraph or two the routine annual calculation of the Wisconsin Taxpayers Alliance of the gross impact of tax laws upon the people of Wisconsin during the last year, through the operation of all of the taxing authorities of all the levels of government to which they are subject, willingly or otherwise.

The private public affairs reporting organization noted, almost casually, that total tax collections of all units of government operative in Wisconsin "inched up," as the Alliance put it with gentle irony, another eight per cent in 1957.

Then came the blow: total levies of the state and local governments and the federal government aggregated \$2,181,672,000 (printer, be careful here, please) for the last fiscal year.

TRANSLATION

For that citizen who is familiar with the \$70 billion dollar and greater budgets in Washington nowadays and who can translate them into reality, there is perhaps no surprise here. But to the

statehouse reporter who is accustomed to dealing in numerals of more modest size such astronomical sums invite translation into more familiar values.

It might be useful to contemplate, for example, that the total taxable real and personal property wealth of Wisconsin as currently computed by the state department of taxation is something over \$16 billions.

Thus government in Wisconsin today is extracting from the people each year an amount equal to one eighth of all of the tangible wealth within the commonwealth.

The University of Wisconsin is one of the most costly of the public services maintained by the people of

Wisconsin. Its appropriations appetites have usually caused crises in legislative politics. But this vast sum would keep the university going at its present and comparatively generous level of operations for some 75 years. All of the state colleges also more handsomely endowed today than ever before, could survive for 200 years without another touch upon the legislature — with this financial backing. The amateur mathematician can amuse himself by calculating how long would be the row of \$2 billions laid end to end, but the taxpayer with his eye on the tax calendar may reflect painfully that the amount is equal to something over \$500 for each man, woman and minor child now

living within the boundaries of this sizeable state.

MEANING

Those reflections, however amusing they may be for the moment, are quite fruitless politically. For there is not the slightest encouragement anywhere in the body politic to suggest that the repetitive rise in total tax harvesting will be cut short or reversed.

Indeed, a cursory review of the state political theatre might suggest that the great, over-powering issue in the public life of Wisconsin today is how to devise ways and means to extract yet more money from the tired pockets of the body politic.

It has become fashionable to complain that the behemoth federal government is responsible for this huge diversion of private money to public uses. The assertion is, of course, correct in general. Slightly more than two dollars out of each three collected from Wisconsin persons and enterprises is levied by the national government power.

But there is a provocative trend visible within that general fact. The proportion of the federal "take" is declining. The ratio of state and local government spending and taxing to the whole is rising. In 1953 the national government accounted for 73 per cent of all the tax payments within Wisconsin. Last year the federal total was on'y 67 per cent. For the moment at least, state and local governments are enlarging their spending at a more rapid pace than is the national government which has been getting the blame.

Mayor Bell Is Reminded of 'Yes' Votes

Editor, Post-Crescent:

Open letter to Honorable Chester S. Bell, Mayor of Neenah.

Dear Mayor Bell:

I feel certain that you will thank me for calling attention to the fact that you unintentionally overlooked the wishes of a sizeable group of Neenah voters in what the press release called your first "report to the bosses," the taxpayers.

May I refer you to that portion of your address given on May 29th to members of the Neenah Rotary club in which you covered the controversial Police Station Bond Issue.

According to "the press," the following statement was made by you, and I quote, "There is no reason to annoy these groups again," Bell said. "Another solution must be found."

Mayor Bell was referring to two groups of Neenah citizens who, according to him, were most vociferous in their objection to the bond issue. Actually, Mr. Bell, there was another group which must have accidentally slipped your mind. This is the group numbering 2,467 who voted "Yes" on the bond issue. They liked the price and they approved of the site. If Mr. Bell can find no reason to annoy the other two groups most assuredly he will want to play it cricket and give this third group the same impartial consideration and treatment.

As we dig a little deeper into this issue it becomes clearly obvious that in reality there was only one tiny little group in the vociferous category; this is the Rip Van Winkle tribe. They were not against the \$270,000 price tag, but the site. This was the group headed by Leon, Marty and a handful of others. Their vociferousness must be translated into dollars for their's was the group which spent thousands of dollars to cloud the Police Station Bond Issue and confuse the voters. Their campaign, expertly handled by professional advertising people, let's admit it, defeated the bond issue.

Surely, Mr. Mayor, you'd be joking wouldn't you if you intend to plead with the council to go for another site, one that would please the Rip Van Winkles when the record shows the site was not much of an issue?

Let's look at the record. Since the mayor believes that the largest portion of the "No" votes (2,668 in number) were cast on account of the price, and since the total votes cast on the bond issue was 5,135 and since of the 5,135 the "Yes" votes account for 2,467, it appears to be simple arithmetic to come up with the answer that only a meager handful of selfish individuals are in reality against the present site, a site already purchased at a cost approximating \$60,000.

These statistics may be a bit embarrassing to our mayor. However, they are presented merely to point out that there can be only one answer to the problem of the station site. That is to present to the people at the earliest time a referendum asking them to either confirm or reject the present site.

Mr. Mayor you have bound yourself to a program of economy and service to all of the people not to just one little group. With \$60,000 already invested in police station property, how could you justify the spending of more by trying to sell the council members on the idea of ditching the present site and purchasing another especially when the colt facts show that most of the voters have no objection to the site on Walnut and Doty? True the Rip Van Winkles may not be happy about such a referendum, but they may still have a few bucks left in the till to try to defeat it.

What have ye to say, Mr. Mayor?

Gilbert H. Krueger
Former Alderman
418 Park Drive,
Neenah.

Postscript: At March 25th League of Women Voters meeting at the high school, Mayor Bell stated, Neenah, would not be strangled and the world will go on if the police station is built where the council has proposed it, on Walnut and Doty.

Democrats Cautious About Finance Policy

CONTINUED FROM PAGE 1

ly be, giving due regard to the state's competitive position.

Eighth district delegates to the convention Friday night, hours after the official start of the rally, were scarce. About a dozen had turned up at nightfall, as the first auditorium sessions were beginning.

Some Democrats who hold elective office are candid in their private talks about the effective strategy of Gov. Vernon W. Thomson, as Republican state leader, in neutralizing the unemployment issue for the campaign.

Thompson's swift success in getting a substantially more liberal unemployment compensation program through the legislature in a special session was disappointing to some of the practical politicians among the Democrats.

That the new Thomson program is regarded as a genuinely liberal one also was shown by the fact that the Democrats made no real effort during the legislative session to amend it upwards.

Democratic Party Chairman Pat Lucey, in an opening convention speech, admitted something that Democrats refused to admit while the late Sen. Joseph McCarthy lived—that he attracted large numbers of Democratic voters to his Republican banner.

"We must invite back into the party those good Wisconsin citizens who were temporarily swayed from their traditional Democratic moorings by the siren song of Joe McCarthy," he told the convention.

Democrats are sporting a symbolic and tiny broom, designed to be worn in the coat lapel, for the new election campaign. The broom is intended to convey the idea of "sweeping the state in 1958".

Some day the Democratic state organization probably will award prizes for faithful attendants, and when it does Mr. and Mrs. Louis F. Nelson, route 1, Menasha, and formerly of Kaukauna, will be among the first of the award winners. They are among the champions of the party faithful, as measured by convention delegate status over many past years.

The number of new names and faces in the district delegations is causing a good deal of comment.

"They can smell the bandwagon," snorted one oldline party man who was attending when the party's fortunes were at their lowest ebb.

City Recreation Tennis, Archery Classes to Start

Tennis and archery classes start next week. Robert Goemans, city recreation department instructor, announced today.

Tennis classes will be held on the high school courts from 10 o'clock to 11:45 Monday and Wednesday mornings, on the Erb park courts from 1:15 to 3 o'clock Monday afternoons and from 10 o'clock to 11:45 Thursday mornings, on the Pierce park courts from 1:15 to 3 o'clock Tuesday afternoons and on the Lawrence college courts from 1:15 to 3 o'clock Wednesday afternoons.

Archery classes will be held at Jones park from 10 o'clock to 11:45 Tuesday and Friday mornings.

Tournaments for boys and girls at the conclusion of classes are planned, Goemans said.

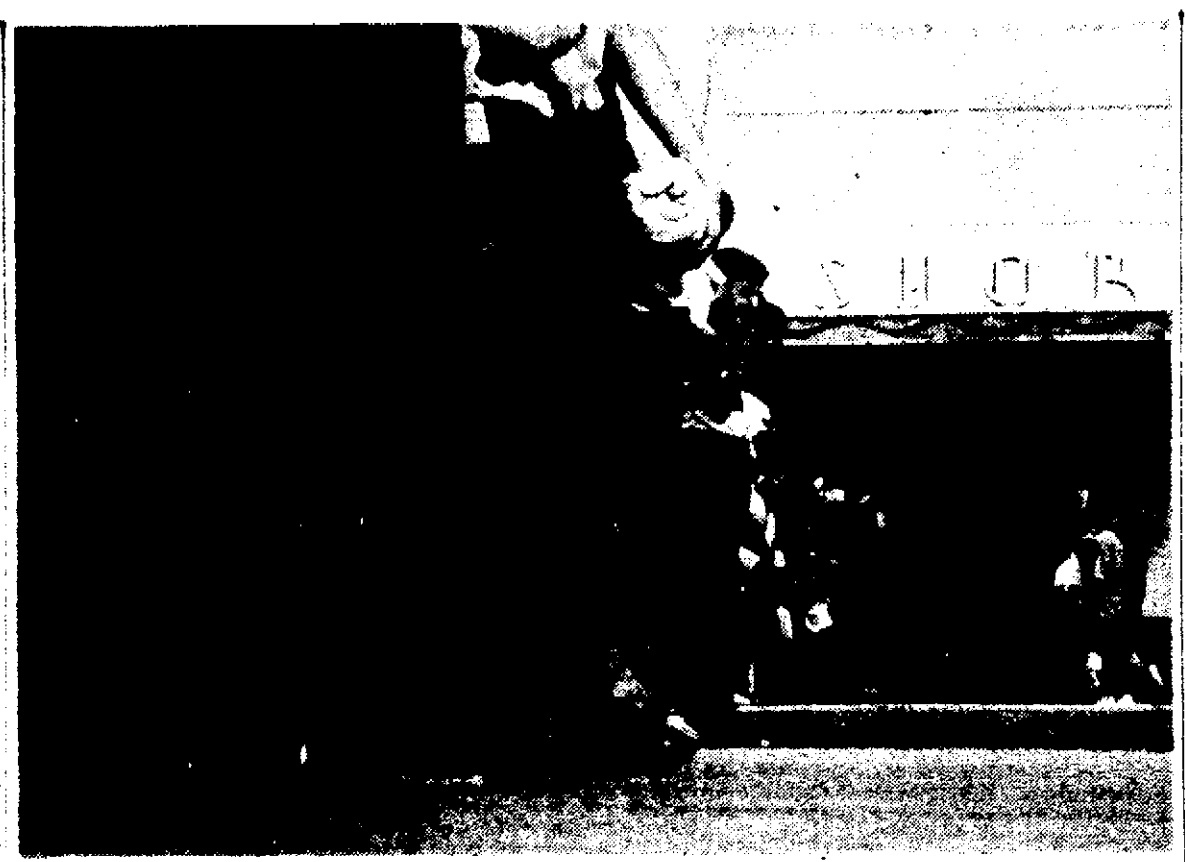

Estate Goes to Grandson as Court Upholds 1920 Adoption

A boy will inherit his grandfather's estate because an adoption nearly 38 years old will not be abrogated, County Judge Stanley A. Staidl has ruled.

The question arose when sisters and brothers surviving Peter A. Christl, who died at 67 last Dec. 11, claimed that Christl's grandson was not his legal heir. Their claim was based on alleged adoption proceedings error in the adoption of Clifford A. Christl July 20, 1920, in the Outagamie county court by Peter Christl and his wife, Martha, who predeceased him.

Clifford Christl died in 1947, leaving his widow and a son. His widow has since remarried and was named guardian for the boy. They live in Green Bay. She filed papers in Judge Staidl's court for the boy, claiming he, as grandson of Peter Christl, was the only heir for the \$18,000 estate.

40½ Hours a Week 11 Playgrounds Open 9-Week Season Monday

The city's 11 playgrounds will open a 9-week season at 9:30 Monday morning.

They will be open 40½ hours each week. The Monday through Thursday schedule is 9:30 in the morning to noon, 1 to 5 o'clock in the afternoon and 6 to 8 o'clock at night. They will close at 5 o'clock Friday afternoons.

The playgrounds and leaders who will guide play are Foster school, Joyce Thalke and Misses Klein, Sauter, Buetow, and Carlson are new leaders. The holdovers have between one and four years' experience in play leading.

Insurance Available
Brandt, high school art instructor, and Robert Goemans, tennis and archery instructor, are new faces in the supervisor rank. Witzke and Lloyd Koehnke, are holdovers.

Wisconsin Interscholastic Athletic association insurance is available at 50 cents for the season. The policy pays so much for each injury, depending upon its kind and seriousness.

Parents of children who take the insurance automatically are placed on the mailing list for the weekly activities bulletin. Other parents can get on the list, recreation Director Elmer W. Grover said, by telephoning his office at city hall.

The sandbox, poster and backwards contests are scheduled for 11 o'clock in the morning, 1 o'clock in the afternoon and 3 o'clock in the evening, respectively. Another of the first week's highlights will be a scavenger hunt at 7 o'clock Wednesday night.

WAC Officer to Visit Appleton

Lt. Marilyn J. Russell, women's army corps, will be at the army recruiting office in the Appleton post office Monday and Tuesday to talk to young women interested in WAC enlistment.

Miss Russell is a graduate of Louisiana State college.

She received her commission in 1953 and has served at posts in Virginia, Maryland, Texas and Japan.

She is presently assigned to the WAC recruiting office in Milwaukee.

N. Ballard Closed

N. Ballard road between E. Marquette street and Highway 41 will remain closed over the weekend, Public Works Engineer Henry Crowe said today.

A sanitary sewer is being installed by Charles A. Green and Son, Inc. Work may be finished by Wednesday, Crowe said.

County Decides to Get Some Advice on Old Grignon Home

Responding to an article from the Chilton Times-Journal re-published in the Post-Crescent May 31, the Outagamie county board's airport and parks committee has decided to get some advice on the Grignon home in Kaukauna.

The article was highly critical of the state of the home, describing it as a "mess inside, not at all decently decorated, and filled with a tasteless miscellany of junk."

The committee commented, "while the article was of a derogatory nature, the committee felt that it was a statement of true facts."

State Society
Committee members instructed Corporation Counsel Raymond Dohr to contact Dr. Clifford L. Lord, who heads the state historical society. The committee wants Dr. Lord to go over the contents of the home with the group and choose what should be kept and what should be removed.

The committee discussed giving the home to the city of Kaukauna, but found that was where the county got it in the first place.

For about a year, the committee has been debating and ordering walls in the home plastered. The difficulty originally started with a leaky roof which

has been repaired. The committee has been told that the walls are to be repaired by the middle of this month, according to Joseph F. Krause, superintendent of public buildings.

Baby Carriage
The committee also decided that an old baby carriage kept in the home should be restored, and told Krause to do it for not more than \$10.

The Grignon home has been the county's property since the early 1930s and was restored by the county. It was built on land deeded by the Indians in 1793 by Augustin Grignon on the old Portage road along the Fox river.

Super Power that does more work is enjoyed by this homemaker with her new Vacu-Flo built-in cleaning system.

Builders of New Homes or persons remodeling their older ones will want to include a new Vacu-Flo built-in cleaning system in their plans, believes Better Home Heating and Air Conditioning of 817 W. Northland avenue, distributor for the amazing vacuum systems in the Appleton area. At moderate cost, the firm explains, your home can have modern, absolutely dustless cleaning through Vacu-Flo's built-in tube system, ending forever lifting, juggling and tugging a machine and cord around your house. Phone number of Better Home Heating is RE 3-2161. Information about the new cleaning unit may also be obtained from your building contractor.

'New Era' in Vacuum Power Is On Display at Appleton Firm

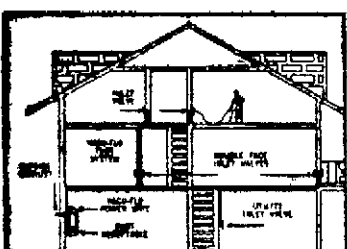

A new era in vacuum power is on display now at Better Home Heating and Air Conditioning of Appleton, distributor for Vacu-Flo, the built-in vacuum-power home cleaning system.

You only have to see and use Vacu-Flo in action, the firm says, to know that it's the answer to better, faster, easier cleaning.

Dustless Cleaning. Absolutely dustless cleaning is possible with Vacu-Flo's thorough and more healthful cleaning.

Vacu-Flo's ingenious tube system with conveniently located wall inlets can easily be installed in existing or new homes, and puts an end forever to lifting or tugging a machine and cord around your house, the firm explains.

Owners can enjoy thorough firm for descriptive literature vacuuming which keeps their floors, draperies and furniture at their brightest. The new Vacu-Flo systems easy cost of the system is moderate, the local firm says.

Safety Lock on Seat Introduced in Buick Cars

A new safety device which locks the back of the right seat to the lower seat frame on all two-door models was announced today by Buick.

The seat lock was designed primarily as an added protection for children riding alone in the rear seat. It can be released by a button at the end of the front seat bolster to permit access to the rear passenger area.

flowing steel tube system adapts to any kind of home — installed in single or multiple floor construction to provide inlets for full coverage.

Inlet valves — Plug-in locations for all home areas.

Conveniently located inlet valves provide vacuum power for every area you wish to clean.

service — even patios, basements, garages, car ports and porches.

Units in Action. Local homeowners can see Vacu-Flo built-in units in action at the firm's headquarters at 817 W. Northland avenue, and home, the firm explains.

Owners can enjoy thorough firm for descriptive literature vacuuming which keeps their floors, draperies and furniture at their brightest. The new Vacu-Flo systems easy cost of the system is moderate, the local firm says.

Buck pointed out that it is a common practice, particularly among young women picking up children at school or on shopping trips, to place the youngsters in the rear seat.

"An abrupt stop in traffic, over which the mother would have no control, could flip the back of the unoccupied front seat forward and result in injury to the child," said Donald F. Taylor, general manufacturing manager of Buick.

"With the new seat lock installed the rear compartment on two door models is safely insulated exactly like a four-door car."

The seat lock is offered as optional equipment on two-door models in all five Buick series.

Latest registration figures show a total of 4,311,402 Buicks in operation in the United States, Edward T. Ragdale, general manager of Buick and vice president of General Motors reported today.

Of this total 539,359 were built prior to 1950.

Colorful Paint brings a decorator's touch to basements. However, Chuck Shannon, manager of the Sherwin-Williams branch at 302 E. College avenue, cautions that the right type of paint is important for best results. He suggests the use of one of the newer paints, such as "Loxon," developed specifically for basement application. Phone number of the Appleton Sherwin-Williams paint store is RE 4-1471.

Paint Brings New Usefulness to Your Home's 'Buried' Living Space

Are you using all the living usefulness to the underground space in your house?

Chuck Shannon, manager of the Sherwin-Williams branch at 302 E. College avenue raises that question—and answers it.

"Many a home in the Fox Cities area is only partially lived-in," he points out. "The basement, which may contain as much as one-third of the available living space, is often relegated to the role of catch-all for odds and ends."

"This is not only wasteful of space; it's dangerous. Cluttered basements are a real fire hazard."

Reason and Remedy. The reason for such space wasting, Shannon believes, is that basements are often so dark and dingy nobody wants to spend any time in them.

"To make a basement attractive is a simple task," he suggests. "All that's needed is use, there's no trick at all, to a dash of imagination and a little paint. Together they can bring colorful beauty and new attractive living space."

Low-Calorie Soft Drink From Tablets Announced by Fizzies

Tired of lugging soft drink bottles to the beach and picnic grounds?

A brand new product—FIZZIES—not only eliminates the bother of bottles, but gives your youngsters the healthiest, most delicious drink they've ever had.

Containing eight individually-wrapped tablets to a package—for only 25 cents (or 3 cents a glass!)—FIZZIES require just a glass of water to "fizz" into any one of five flavors—orange, cherry, lemon-lime, strawberry and grape. And youngsters love to watch the little tablet bubble and fizz.

Makes Soda. Add a scoop of ice cream, and—presto!—an ice cream soda.

FIZZIES are wonderful at home, too (no storage space, or

bottles to return). They've fine as a soft drink, or in the form of frozen pops. Just dissolve four FIZZIES in a quart of cold water. Freeze in the ice-cube tray with sticks or paper spoons for handles.

Or serve them as deliciously-flavored ice cubes with your favorite fruit.

One of FIZZIES' best boons for Mother is its sugar-free quality. Dentists say it's much safer for teeth—and it can't spoil youthful appetites.

Adults Like. While FIZZIES were especially designed for children (they even have Vitamin C added), they also are finding favor with adults who crave soft drinks, but can't afford the calories. The new tablets can be enjoyed just about as often as you like without worrying about weight.

Playground to Open Monday At Kimberly

Kimberly — Playground activities will officially begin Monday morning, according to recreation director, Gil Frank. Activities will be organized as well as the softball and baseball leagues which will compete during the summer program.

Junior league for older boys will be run on Monday and Wednesday mornings and pee-wee leagues will be run on Tuesday and Thursday. Boys interested in playing on teams are asked to contact the recreation director Monday.

Plans call for a baseball school to be conducted the first few days and official league action will open the following week.

In addition to the regular activities each week there will be a special event on Wednesday evenings at the playground. Planned are parades and various contests for which prizes will be offered.

A full length movie is planned for every other week on Friday morning. The film will be shown in the High school auditorium.

Mrs. Nancy Franckowiak will assist Frank with the playground work.

Sodality to Receive Communion on Sunday

Little Chute — Members of the Blessed Virgin Sodality of St. John High school will receive Holy Communion in a body at the 7:30 mass Sunday morning.

Masses at the church are scheduled for 5 o'clock, 6:10, 7:30, 9 o'clock, 10:30 and 12 o'clock noon.

Confessions will be heard this afternoon from 3 to 5 o'clock and from 7:30 to 8:30 this evening.

from 11:00 a.m. to 5:00 p.m., except Sundays and certain holidays.

FIRST BAPTIST, N. Appleton and W. Franklin. Harold P. Humbert, pastor. 8:30 Morning worship. 9:15 Sunday school. 10:30 Family worship. Sermon: "A Wise Builder." Wednesday, 8 p.m. Midweek Bible study. Lesson: Joseph.

ST. JOHN — (United Church of Christ), 835 W. College avenue. John Seidler, pastor. No Sunday school during the summer months. Service at 9:00 a.m. Sermon: "A Father's Christian Obligation."

The POWER of FAITH

Jordan River—John the Baptist was, as the gospels relate, the voice of one crying in the wilderness: "prepare ye the way of the Lord, make straight His path." For several months, John had been preaching throughout Judea and proclaiming the coming of one "the latchet of whose shoes I am not worthy to stoop down and loose."

But one day, while John was baptizing in the river Jordan, that one came and asked to be baptised. In a tremendous affirmation of faith, Jesus stood in the water and was baptised by John, an incident that caused the heavens to open and the Spirit to descend like a dove.

That same spirit of Christian zeal and piety still lives in the setting where John baptized Jesus. Because the waters are deep and dangerous, only baptismal boats are used. The Catholics use a small rowboat. The Greek Orthodox Church shares with the Protestants a large boat donated by the Greek Navy. (AP Newsfeatures)

Three Masses Sunday At St. Paul Church

Combined Locks — The regular schedule of Sunday masses will be followed at St. Paul's Catholic church, according to the Rev. John DeWild, pastor. Masses will be said at 7 o'clock, 9 o'clock and 10:30.

USDA Says Eastern Wisconsin Dairy Farmers Made \$3,806

Washington — The average 1957 net income for dairy farms in eastern Wisconsin was \$3,806, the agriculture department estimated Friday, while those in the western part of the state averaged \$3,373 and in southwestern Wisconsin, \$4,029.

Similar farms in the northeastern part of the nation averaged \$5,095.

The department said net income nationally per farm—the amount left over after paying production costs, taxes and the like—was about \$2,500 or nearly 8 per cent more than the 1956 average.

Reds Move Into Third Place in Softball Loop

VFW Dropped 4 to 2 On 7-Hit Pitching Of Henry Haupauf

Kaukauna — The Reds moved into third place in the City Softball league Thursday night by edging VFW bar 4 to 2. The winners now have a record of six wins and two losses while the losers have five wins and two defeats.

In the second game of the evening, Locks Paper company dropped a 12 to 5 decision to Arcade. The losers have five wins and four losses while the winners have won four and lost five.

Reds opened the scoring in the first inning with one run on two errors and a single but VFW came back to tie the game in the fourth with a single run on a single and a double. The winners clinched the game with three runs in the fifth as Jerry Klarer unloaded a homer with two men on base.

A homer by Ken Uhlenbrauck of the losers accounted for the final VFW run in the sixth frame. Henry Haupauf was the winning hurler giving up seven hits as did Don Calmes of the losers.

Arcade Victory
Arcade built up an early lead and then coasted to the 12 to 5 win over Combined Locks behind the 7-hit hurling of George Zwick. The winners tallied three runs on three hits in the first frame, added five runs on three hits, three walks and an error in the second and then tallied three more runs in the third on two hits and a homer by Karl Bowers.

The winners tallied their final run in the seventh on a single and an error. The losers scored one run in the first inning on one hit, one in the second on no hits and three in the third on three hits.

Twilight Loop Honors Shared

Two Men Shoot 36 To Set Individual Pace at Fox Valley

Kaukauna — Wayne Hull and Joe Gossens each shot 36, 1-over par, to share individual honors in the Twilight League competition at Fox Valley Golf club Thursday evening. Runner-up was Len Derus who shot a 37.

Better Brothers increased its league lead by taking a 49 to 31 win from Haen Insurance in team events. Quella food took over second place by virtue of a 45 to 28 win over Larrys. Runtjes dropped a 46 to 34 decision to Looks and Van Abels won 49 to 31 from Minkebigge. Dry wall to have Runtjes and Van Abels tie for third with 168 points.

The leaders have 191 points and the second place team has 179 points in four matches. Geenen Shopping center downed Kaukauna savings 49 to 31 to take fourth place with 166 points. Looks are in fifth with 165 followed by Wiggies with 162. The latter dropped a 43 to 37 decision to S and B. seventh place team with 154 points.

Other matches Thursday had Morgan Printing defeat Berg Cleaners 42 to 38 and Royal Clothing edge Ole and Kate 37 to 34. Larrys has 144 points followed by Ole and Kates with 143. Haen Insurance with 142, Kaukauna Savings and Morgan Printing with 142, Berg with 141, Minkebigge Dry Wall with 133 and Royal Clothing with 130.

Special prize winners for the day were Ves Hanby, Bob Minkebigge, John Masaros, Sr., Bob Derus and Vic Haen.

Legion '9' to Meet Oshkosh

Kaukauna — The Kaukauna Junior American Legion team will be seeking its first win at 2:30 this afternoon when Oshkosh invades the Electric City diamond.

The locals dropped a 6 to 5 decision to New London in the first outing Wednesday night after the winners rallied for three runs in the eighth inning. Kaukauna opened competition with less than a week of practice and Coach Gerry Hopfenger expects the team to improve as the season progresses.

Jerry DeBruin or Tony Van Zealand will be on the mound for Kaukauna.

Police Seeking Owner of Rope

Kaukauna — Kaukauna police are searching for the owner of approximately 200-feet of 11-inch manilla rope which was recovered near the old quarry by the county garage at the end of Elm street.

The rope was stretched from the quonset buildings across the water to a tree on one of the islands in the Fox river. Boys were swimming in the quarry and placed the rope across the water. Police issued a warning against swimming in the river, saying it was against the city ordinance and violators will be prosecuted.

A check of stores and construction concerns which might have use for such a rope has been made but no one reported such an item lost or sold.

LC-K Squad At Manitowoc In Loop Tilt

Seek 5th Win In League Play Sunday Afternoon

Little Chute — Seeking their fifth straight Fox Valley league victory, the Little Chute-Kimberly team will invade Manitowoc Sunday afternoon. The LC-K team has won four in a row from league foes and also have recorded one exhibition victory. Manitowoc has strengthened its forces considerably with the addition of several high school stars.

Bill Lutz may be the starting hurler for the Manty club and he has given the Little Chute and Kimberly players rough treatment in past seasons.

Probable Pitchers
Clete Wynboom or Al Harke will probably pitch for the LC-K team. Bob Schmidt and Bob Mehler shared chucking duties in the exhibition contest at Shawano Thursday night. Schmidt received credit for the 5 to 4 win. It was Schmidt's second win of the week as he also hurled the triumph over Kaukauna last Sunday.

Other starters for the LC-K team will be Hank Peerenboom or Ron Kunzman, catching; Tom Vanderpas at first, Ron Weigman at second, Floyd Hammen at short and Jim Kilsdonk at third.

Outfielders will be Jim Nirschl, Rog Vander Wyst and Gene Peerenboom.

KRA Bowmen Rank High in Archery Golf

Kimberly — Rod Harrmann, Appleton, of the Kimberly Recreation association archers successfully defended his archery golf championship at the Mount Morris course.

Harrmann shot an 86 score for 36 holes. Tony Eckes Sr. of Appleton finished in a tie for second with Melvin Voight, Ripon, as both men shot 91.

Tony Eckes Jr. of Appleton, placed second in the junior boys class and John Wildenberg, Little Chute was third. John Van Handel, Little Chute, topped a third place in the cadet boys shoot and for the cadet girls Rosemary Eckes placed first and Lynn Hartjes took second.

Plans have been announced for a night shoot July 10 at the Kimberly Athletic field. The shoot under the lights will be the first held in the local area.

Jim Caspers of Racine, well known archer who has been in the state indoor meet held at Kimberly for the past five years, placed first in the federation of International Target Archers meet at St. Louis. He will lead the U. S. team of three men and three women in the international championship at Brussels next month.

Firemen Free Woman From Locked Bedroom

Kaukauna — The Kaukauna fire department was called to the Mark Niesen residence, 321 W. Twelfth street, about 7 o'clock Thursday night when Mrs. Niesen locked herself in the bedroom and was unable to get out.

Firemen used a 24-foot extension ladder to enter the house and helped Mrs. Niesen force the lock on the door. Niesen, a fireman himself, was on duty at the time and was the first to climb to the aid of his wife.

Your Problems

'Grass Is Greener' at Times, for One Who Misses Boorish Ex-Mate

BY ANN LANDERS

DEAR ANN: I married a no-good, cheating man who was lazy and liked to drink. I had to support him for months at a time. Instead of gratitude, I got an occasional slap in the face and lost a few teeth.

I loved him in spite of the way he treated me, and I know he loved me in his own way. After seven years I couldn't take the humiliation and the constant stream of women, so I divorced him. I heard through friends that he attempted suicide when he learned I remarried.

My present husband is devoted, hard-working and he treats me like a queen. I love him in a settled, quiet way. But there are moments when I long for my first love. I still get a chill when I see someone in the distance who walks like him. He will always possess a part of my heart that can never belong to another. Am I crazy?—SHY GIN

Crazy? No. Sick—well, somewhat—depending on how often and how strongly you yearn for the guy who used to keep your dentist busy building bridges.

This isn't love, this is sick. Some people, after a siege of boils actually miss them

when they disappear. Same thing.

DEAR ANN: I just finished reading the letter from the son who was stuck with the care of his elderly parents. His well-to-do brothers and sisters refused to raise a finger to help, as usual.

If my pack of selfish relatives missed that letter (and your priceless answer) I hope they see this one.

I was one of 11 children. Being a practical nurse it seemed natural to the rest of the family that I quit my job at the hospital and care for mother when she became ill.

About that time my bachelor brother was hurt in an automobile accident. I took care of him, his house, my mother and our house. I worked night and day for months. The bills for Mother's care alone would have been \$1300, if we'd had to pay someone.

When my brother collected from the insurance company he bought a new car and took a trip. I had to borrow \$300 from the finance company because I'd been out of work for all those months.

My only compensation was that mother considered me a wonderful daughter, and she said so many times. Now my family doesn't talk to me because I had the brass to ask them for financial help.—One Who's Been There.

DEAR ANN: One day last week I was visiting in the home of a friend. Her 13-year-old boy was bouncing a ball off the living room wall. Suddenly the ball struck me in the face and knocked off my glasses. One lens was broken. The only comment was "Well, I guess this just isn't your day."

When I regained my composure I suggested to the hostess that she pay half the repair bill. She was shocked at my nerve. She made it clear the glasses were my responsibility and the boy didn't break them on purpose. She further indicated

that this was the end of a 15-year-old friendship.

Later in the week, her husband came by and wrote a check for \$8 which was half of the repair bill. I haven't heard from them since. Was I wrong?—V.P.

The only thing wrong is that they didn't pay the entire repair bill and offer humble apologies. Of course you shouldn't expect too much from people who would permit a 13-year-old boy to bounce a ball off the living room wall when a guest is present.

If you had been injured it would have cost them a great deal more than \$8.

Man Claims Bride in Ceremony

John M. Schimke and his bride, Miss Ruth A. Browning, repeated nuptial vows before the Rev. John De Reucher in a double ring ceremony preceding an 11 o'clock nuptial mass this morning at St. Mary Catholic church, Platteville.

The bride is the daughter of Mr. and Mrs. Guerdon Browning, Platteville. He is the son of Mr. and Mrs. Leonard Schimke, New London.

The bride was given in marriage by her father, Miss Barbara Schimke, sister of the bridegroom, was maid of honor, and Miss Margaret Haas was bridesmaid.

Brother of the bride, Ronald Browning, attended as best man. Groomsman was Ronald Schimke, cousin of the bridegroom, and usher was Leonard P. Schimke, brother of the bridegroom. Stephen Schimke, nephew of the bridegroom, was ringbearer.

Immediately after the ceremony, a dinner at the Pink House honored the couple. They will be feted at a reception from 2 to 4 o'clock this afternoon at St. Mary hall.

The bride, a graduate of Platteville High school, Platteville, completed two years at Wisconsin State college, Platteville. Her husband, a graduate of New London High school, attended Appleton Vocational school to study drafting, and will graduate in July with a bachelor of science degree in industrial arts from Wisconsin State college, Platteville. Both are employed at the Platteville Telephone company.

They will reside at 517 1/2 West Pine street, Platteville.

Hints to the Bride-Elect

The hairdo, fair bride, the hairdo too! Don't forget it! Don't neglect it. The smart aware bride, having begun her seemingly infinite wedding plans months in advance must too, give considerable attention to her hair, it's care and appearance.

A radiant countenance can be immeasurably spoiled by a dark, dull crown of unbecoming, improperly cared-for hair. If you are satisfied with your present hairdo, it's length is just right for you, and the lustre is ever-present, good! You are among the fortunate. Many young women find their hair a real problem in terms of styling, grooming and just adding to their general appearance, rather than being a drawback.

Hairdo Changes
No other change so quickly and dramatically alters your looks as does a hairdo alteration. That is why it's so important for you to be adept at washing and setting your hair, and for you to be able to treat adequately any hair or scalp disorder.

To master the home permanent, to be clever at designing a suitable, stylish, and manageable coiffure, you need practice. So brides, don't have a permanent wave the day preceding your wedding. You may ascend the aisle of the church looking like a native from a far away tribe of cannibals, your hair a mass of horrifying frizz!

Your wedding will be a glorious day for you to remember and cherish and a thing so disrupting as a horrible hairdo would hamper your happiness. Naturally, you want to look your very best and you will, if you do not wait until the last possible moment to ready yourself. Hours, days, and weeks have been spent on the minute and important details of etiquette, guest lists and the rest. But remember, you are the star at this performance of your life, so act accordingly.

If your present hairdo is not completely to your liking,

change it, but do it with care, self time to train newly-cut hair for what would be worse than ending up with a coiffure more unbecoming than the one you abandoned. Create lines that flatter your face. Fluff out hair where your face is narrow and keep it close where the face tends to be too broad. Let brow to shorten a long face or brush it up to give you added height.

Study yourself. Experiment. Use different preparations and shampoos until you have discovered the one to give you best results. Remember what is fine for someone else may be taboo for you.

Consider the texture of your hair. If, immediately following washing your hair is wild and unruly, plan to cleanse it a few days prior to the wedding. Set aside a time for you to collect yourself, relax and unhurriedly groom yourself, so you will appear cool and calm, not hurried, wild-eyed and sporting a hairdo comparable to a haystack in a high wind.

If you want to appear as a shorn sheep who has strayed from the flock, simply cut your hair right before the big day. The effect will be devastating! Your hair, poor unknowing substance, will be unaccustomed to the change and what's worse, will look it! Give yourself

Miss Dolores Weyenberg Bride of Donald De Groot

Miss Dolores Weyenberg, daughter of Mr. and Mrs. George T. Weyenberg, 606 Taylor street, Little Chute, and Donald De Groot, son of Mr. and Mrs. Henry De Groot, 727 W. Main street, Little Chute, were united in marriage at 9 o'clock this morning.

St. John Catholic church, Little Chute, was the scene of the double ring ceremony and nuptial high mass performed by the Rev. Martin H. Vosbeck. Mr. Weyenberg escorted his daughter to the altar.

Miss Marlene Weyenberg, Kaukauna, cousin of the bride,

was maid of honor. Mrs. Ervin Van Dyke, Little Chute, sister of the bride, and Miss Doris Salm, Appleton, acted as bridesmaids.

Jerry De Groot was best man for his brother and Ervin Van Dyke was groomsman. Joseph Van Bakel, Little Chute, brother-in-law of the bride, and Vin De Groot, the bridegroom's brother, were ushers.

The home of the bride's parents was the site for a breakfast following the ceremony. A dinner at noon for the newlyweds was held at Lamers tea room, Little Chute. A supper at 5:30, a reception from 7 to 8 o'clock, and a dance from 8 to 12 o'clock will be held at the Village hall, Little Chute.

The bride, a graduate of St. John High school, Little Chute, is employed as a secretary at Van Susteren and Bollenbeck, Appleton legal firm. Also a St. John High school graduate, Mr. De Groot served two years in the navy. He is currently employed at Thilmany Pulp Aug. 18 to 21 at Chicago, Ill. Mrs. Stohlman is president of the local unit and Mrs. Schreiner is ways and means chairman.

Convention duties of the two women will include the setting up of a booth displaying handicraft fashioned by members of the Appleton auxiliary. The women were named as delegates by the auxiliary's board of directors which met Wednesday morning at the Appleton Public library.

A report was filed on a guest day bridge and tea held May 26 at Riverview Country club, and Miss Jane Diestler, 1958 Appleton High school graduate, was announced as this year's winner of the auxiliary's nursing scholarship. Mrs. Stanley Hamilton announced that membership now totals 958 women and that life memberships are still available.

A summer coffee hour project was discussed by Mrs. Walter Gross, chairman, who stated the activity will open with the close of school. Parties will be held informally at the homes and yards of auxiliary members, with the proceeds to be donated to the unit's charitable funds.

Set Initiation
Pythian Sisters will hold initiation services at Castle hall at 7:45 Monday evening.

The Cerebral Palsy fund and the Holy Trinity Orthodox church, Fond du Lac, were named recipients of donations given by the Panathenaea society at a meeting Thursday afternoon at the home of Mrs. Spyro Gostas, 720 N. Appleton street.

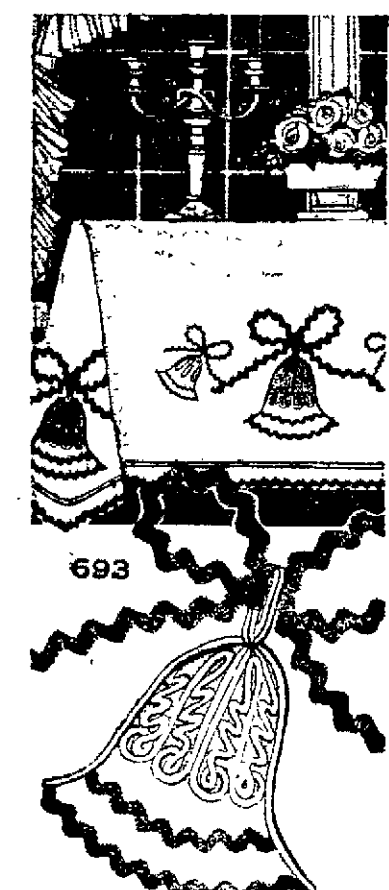

Plans were laid for the annual family picnic in Erb park at 2 o'clock in the afternoon, Aug. 17. The committee consists of Mrs. Andrew Jmos, chairman, Mrs. Gostas, co-chairman, and Mrs. Michael Gostas.

After the business meeting, cards were played. The winners were the Mmes. Nick Retson, Nick Burls and Neal Jam-sky.

The society had as their guests Mrs. Athena Rosofetos from Greece, and Mrs. Jam-sky, St. Paul, Minn.

The July meeting will be at the home of Mrs. George Retson, 513 E. Francis street. It will be a guest event.

Rev. J. C. Dahlke To be Installed Church Pastor

Weyauwega—The Rev. J. C. Dahlke will be installed as the new pastor of St. Peter's Lutheran church in Weyauwega at 2 o'clock Sunday afternoon.

Rev. Dahlke was formerly pastor of St. Paul's Evangelical Lutheran church in Tomah where he served from March of 1950 until now. From 1935 to 1950 the new pastor served in Milwaukee and prior to that was an instructor at Dr. Martin Luther college in New Ulm, Minn.

Rev. Dahlke is a graduate of Northwestern college and the Evangelical Lutheran Theological Seminary at Thiensville, Wis. He has four children. Carl, who will teach fourth grade next year at the Christian Day school in Baraboo, John who is a sophomore at LaCrosse State college, Ruth, a sophomore in high school, and Mark who will be a fifth grader next year.

Mortician Says Burial Takes More Time Now Than in Former Days

Louisville, Ky.—P. M. E. Pruitt, a mortician for 54 years, says it takes nearly five times as much to be buried now as it did when he started in the business.

"A \$90 funeral, back when I went into business, was considered a high-priced funeral," Pruitt said.

Now the average is \$428, he added, and a mortician's work isn't nearly as exhausting.

A funeral director often had to make his own caskets, help dig graves and if a clergyman wasn't handy, the mortician delivered the sermon, Pruitt said.

Pruitt, 87, of Millersburg, Ky., was honored for his long service yesterday at a meeting of the Kentucky Funeral Directors association.

Lesson in English BY W. L. GORDON

WORDS OFTEN MISUSED: It is much better to say, "He feels SOMEWHAT discouraged," instead of, "He feels KIND of discouraged."

OFTEN MISPRONOUNCED: Harbinger. Pronounce: har-binger, accent on first syllable.

OFTEN MISPELLED: Venial (capable of being bribed); Venial (trivial); excusable; pardonable.

SYNONYMS: Obsequious, obedient, attentive, deferential, servile, slavish.

WORD STUDY: Use a word three times and it is yours. Let us increase our vocabulary by mastering one word each day.

Today's word: deciduous: shedding or falling off seasonably or at maturity. In autumn, deciduous trees lose their leaves.

Railroad Directors Delay Merger Action Until August Meeting

St. Louis — Directors of the Missouri Pacific railroad have delayed until August any action on a possible merger of Mopac with the Texas and Pacific railway.

Directors reached no conclusion after a day-long conference Thursday, a spokesman said. A final report on the merger is to be made by Aug. 8. The next board meeting is set for Aug. 18.

Merger of the lines would create the third largest railroad in this country with 11,900 miles of track, ranking only behind the Atchafalpa, Topeka and Santa Fe and Southern Pacific lines.

Any merger plan adopted would have to be approved by the Interstate Commerce commission and stockholders of both railroads.

(Special to Post-Crescent)

Latest nation-wide tabulation growth has been impressive, by the American Telephone and Telegraph company released by service as of the latest survey, the U.S. Commerce department represent a 101 per cent increase over the 11,049 in operation in Outa-ganie county.

This amounts to 25 home phones for every 100 residents, north central states as a whole, the average, throughout the 92 percent, as well as that in United States, is 22 telephones Wisconsin, 76 percent.

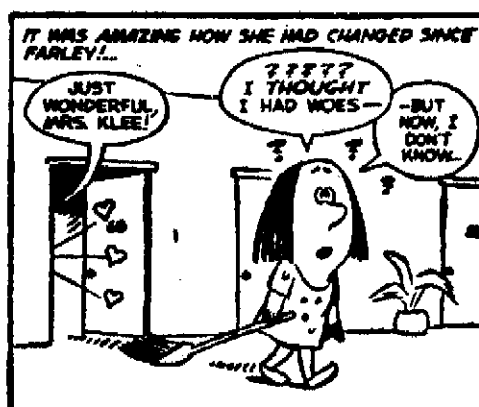

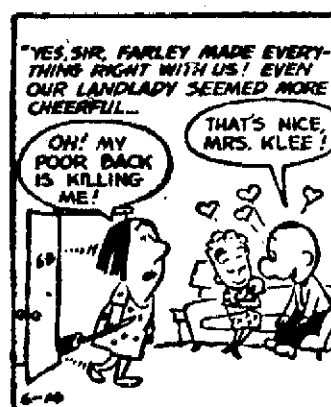

Despite the large number of phones in the United States, we are outtalked by people in some States greatest growth of the foreign countries. Canada, it is the talkingest nation, telephone has come in recent years, is the talkingest nation, years. It has gone hand-in-hand with 417 conversations annually

with the improvement in economic conditions and has been viewed as one of the indicators of a rising standard of living.

Net Result
Net result is an even greater contrast than before between the number of installations in this country and those abroad. Out of 95 million phones in the entire world, residential and business, about 53 million are in this country.

In Outa-ganie county the gain exceeds that registered in the period in the east, north central states as a whole, Also, many more phone services are provided abroad than here. In Vienna, for example, one may flick the dial to get fairy tales for children, short-hand practice for novice secretaries, menus for mother, bus schedules or a dozen other services.

Man Pleads Innocent of Topsy Driving

C. V. Oppen Accused Of Hit-and-Run Accident Also

Neenah—Collins V. Oppen, 28, Valley Inn annex, charged with drunken driving, operating without headlights and hit-and-run driving, pleaded innocent to all three counts at Oshkosh Friday and his bond was set at \$175 by Municipal Judge S. J. Luchsing-er.

Oppen also has another drunken driving charge pending, a jury trial July 9 in Neenah's police justice court. The earlier drunken driving charge was filed after an accident in Neenah April 30.

The man was arrested again about 11 o'clock Thursday night by Neenah police at E. Doty avenue and Walnut street.

Police observed his car driving east on E. Wisconsin avenue between Walnut and Oak streets without his headlights on. They blinked their own headlights at him, but he did not switch his light on until after he had turned south onto Oak street. Only his left headlight was operating.

Oppen then turned west on E. Doty avenue and turned his light off, police said. They pursued him to Walnut street, where they stopped him.

Struck Parked Car
Police found the front of Oppen's car damaged, but he refused to say what he struck. Police said he smelled of strong alcoholic drink and was unsteady on his feet.

A citizen in the neighborhood told police Oppen struck a parked car on Walnut street across from the Valley Inn. The car is owned by John F. Bartmann, 909 E. Franklin avenue, Appleton, a night clerk at the hotel.

Police found shattered glass from Oppen's headlight, his headlight rim and paint matching his car at the collision scene.

Oppen refused to cooperate with police and refused to take any physical coordination or drunk-o-meter tests. He was held overnight in the Menasha jail, pending his arraignment.

Bloodmobile Visit Scheduled Monday

Walk-in, Appointment Donations Accepted at Boys Brigade Building

Neenah — The Red Cross Bloodmobile will visit the Twin Cities next Monday and Tuesday to set up a donation center in the Boys Brigade building.

The center will be open from noon to 5 o'clock in the afternoon and from 10 o'clock Tuesday morning to 3 o'clock in the afternoon. Donors have been asked to use the Columbian avenue entrance.

The goal for this visit has been set at 240 pints of blood. Many of the regular donors already have appointments but "walk-in" donors are welcome anytime, officials in charge said.

Hope For New Donors
Persons with appointments have been urged to keep them because in recent visits lulls have occurred in the center's schedule because some appointments have not been fulfilled.

Jerry Bump and Carl Snyder, donor recruitment co-chairmen, are hopeful many new donors will come to the Bloodmobile on this visit. During recent weeks milkmen in the two cities have cooperated in an effort to enroll new donors in the program.

"Our blood bank relies on the support of all citizens in furnishing free blood to those in need of it," the recruitment leaders declared. "Wider participation in the

donor program is essential in maintaining this worthy community service."

The partial list of those who will be working at the donation center during the two days was announced Saturday by Mrs. Willard Bellack, chairman of worker recruitment. The remainder of the list will be announced Monday.

A doctor is in attendance at all times while the center is open. Sharing this duty Monday and Tuesday will be Drs. John R. Nebel, H. F. Beglinger, William B. Hildebrand, Paul E. Wainscott, George N. Pratt, Frank O. Bruckhorst, Elizabeth Henning, F. H. Smith and F. G. Jensen.

Women who will be assisting at the center include Mrs. J. F. Gillingham, Mrs. Fred Grupe, Mrs. Walter Strong, Mrs. Leon Tolversen, Mrs. George Christoph, Mrs. Don Severson, Mrs. Addison Davis, Mrs. Arthur Croxson, Mrs. Frank Dvorak, Mrs. R. D. Molzow, Mrs. Charles Ste. Pierre, Mrs. Gilbert Bayley, Mrs. Sheldon Asmus, Mrs. Elmer Schultheis, Mrs. Earl Pantton, Mrs. Don Garlock and Mrs. Ralph Miedke.

Twin City Births

Neenah — Theda Clark hospital today reported the following births:

Son to: Mr. and Mrs. Raymond Steiner, route 1, Neenah.

Daughter to: Mr. and Mrs. Wilbur Merkle, 8004 Tayco street, Menasha.

Restored Use Of Maiden Name

Oshkosh — Elsie B. Mitchell, 39, Neenah, was granted a divorce from Paul Mitchell, 44, address unknown, by County Judge Herbert J. Mueller Friday on her charge of cruel and inhuman treatment. They were married at Neenah Feb. 13, 1943, and separated in May 1, of 1957.

She was awarded the household furnishings and car while the matter of alimony will be held in abeyance until he is found. She also was restored her maiden name of Elsie Reiser. There were no children.

Twin City Deaths

Pociask Funeral

Neenah — Funeral services for Arthur Pociask, 38, Grand Junction, Colo., who died Wednesday at Denver, Colo., of injuries received in an industrial accident May 1, will be held at 10 o'clock Monday morning at St. Margaret Mary Catholic church. Burial will be in St. Margaret cemetery.

Friends may call at the Kessler Funeral home after 2 o'clock Sunday afternoon and the rosary will be said there at 8 o'clock Sunday night. Military rites will be conducted at the grave by Hawley - Dieckhoff post of the American Legion under the direction of Casper Olson, commander.

Pociask was the husband of the former Rosella Hildebrand, daughter of Mr. and Mrs. Herman Hildebrand, Sr., route 2, Neenah.

Scouts of Troop 55, Sponsored by St. Patrick Catholic church, left on their annual Flambeau river canoe trip Friday afternoon. They will return on Sunday. Getting ready to leave Friday afternoon were, left to right in back, Mike Murphy with the paddle, Tom Blank and David Schwartzbauer, looking over the trunk lid. 1,202 People Use Pool Facilities Opening Day

Season Passes Still Available, Swimming, Life Saving, Boating Classes to Begin

Menasha — A total of 1,202 people used the municipal swimming pool on opening day Friday. A considerable drop from the 3,000 who were on hand opening day a year ago.

However, opening day in 1957 was on July 28 when the weather was much warmer.

According to Harold Pelton and Frank Karasek, pool supervisors, there were 170 using the pool facilities in the morning, 941 in the afternoon and 91 Friday evening.

Season passes may still be applied for at the pool ticket windows and turned in to be

processed. Notification will be made as soon as the passes are ready.

Children who signed up for swimming classes are to report for lessons at the times assigned them. Arrangements are being made for classes for those children who have not been assigned specific times.

Additional registrations for swimming lessons, junior life saving, senior life saving and boating classes will be taken by the ticket taker at the pool next week.

Swimming classes will be

held at 9:30, 10 o'clock, 10:30 and 11 o'clock on Monday, Tuesday, Thursday and Friday mornings. Boating classes are scheduled for 9:30 and 11:30 on Wednesday mornings.

Junior life saving lessons will be given at 11 o'clock on Monday, Tuesday, Thursday and Friday mornings and senior life saving at 6 o'clock on Monday, Tuesday and Wednesday evenings.

4,710 Flock to Neenah Playgrounds in 2 Days

Neenah — Attendance during the first two days of the Neenah summer playground program was almost 900 more than for the same period last year, Gordon Albert, playground director, reported to the youngsters and sent day.

The attendance for Wednesday and Thursday was reported at 4,710. The 1957 total for the same period was 3,815 and the attendance for the similar period in 1956 was 2,661.

Laudan park had the highest total with 917 registrants. There were 830 at the Green, 825 at Washington, 627 at Doty, 564 at Second Ward, 485 at Hoover and 462 at Cook park.

Special Activities
Registrations for special activities included baseball 823, archery 130, puppetry 71, advanced craft workshop 70 and of the public to the playground 50. No specific data was listed on the number of young-ster for tennis lessons but the registrations are running higher, Albert said.

Seventy-five youngsters have been noticeably increasing. Un-enrolled in the WIAA benefit der such circumstances, we plan to date and attendance at hope to make this the best teen-age dance last week playground season Neenah was 25. The next dance will ever experienced."

Despite the Cool Weather, 1,202 people used the Menasha Municipal swimming pool on opening day Friday. Carefully testing the water in the wading pool, which was 64 degrees, are Christine Ales, Batley Richy and Paul Arps, left to right above. Friday morning there were 170 in attendance, 941 in the afternoon, and 91 in the evening. (Post-Crescent Photo)

Carl Sawatski Sold to Phils

Carlton Willey Brought Back By Milwaukee

St. Louis —(P)— Apparently unable to turn a trade, the Milwaukee Braves Friday night sold catcher Carl Sawatski to the Philadelphia Phillies for an unannounced amount of cash and a player to be named later.

The departure of the 30-year-old backstop opened a place on the roster for pitcher Carlton Willey who has been at Wichita in the American association, despite his rating early in the season as a candidate for rookie-of-the-year honors.

When he was sent down, righthander Willey was promised that he would be called back before the June 15 trading deadline. Soon after reporting to Wichita he pitched a no-hitter. He returns to the Braves with a 3-3 record. Willey was expected to join the Braves today after a trip from St. Paul, Minn.

2 Catchers Left

He was the American association's most valuable player last season when he posted a 21-6 record.

With Sawatski gone, the Braves were left with only two catchers—Del Crandall and Del Rice.

A left-handed batter, Sawatski was used mostly as a pinch-batter. But so far this season he had only a single in 10 trips.

"I sure hate to leave Milwaukee," Sawatski said when told of the deal by Manager Fred Haney. "But I'm sure glad somebody up here wants me. I hope to see a lot more action with the Phils."

Philadelphia catching ranks were thinned last week when starter Stan Lopata was beaned by Larry Jackson in a game here with the Cardinals.

Again there were reports that Milwaukee General Manager John Quinn was working on a deal with the Cardinals for a veteran outfielder Del Ennis.

Here are some of the Fox Cities area baseball players who were attracted to the Washington Senators' tryout camp Friday at Goodland field. At the top, Hortonville's Wayne Huebner raps "pepper" shots to, left to right, Hortonville's Larry Huebner, Appleton's Dave Trinrud and Larry Riley, of Roundup, Mont. Riley is the brother-in-law of "Tex" Taylor, Fox Cities Foxes first baseman. In the bottom picture, Senator scout Otto Bluege (left foreground) gives advice to Appleton's Bill McGinnis. Watching, left to right, are Menasha's Ken Konetzke and Appleton's Roger Wooden and Dennis Verbrick. The 2-day camp was to continue today. (Post-Crescent Photos)

Bolt Leads Open By One Stroke; 155 Total Eliminates Sam Snead

Gary Player Fires Sub-Par 68 for Runnerup Spot

Tulsa, Okla. —(P)— Tommy Bolt today set out to hold his lead in the National Open golf championship against two unexpected rivals, while the men whose names were banded about a few days ago as likely winners looked on from the sidelines.

The 39-year-old Bolt Friday had a double bogey six that marred his second straight round of 71.

As 55 survivors of the field which numbered 2,150 original entries and 162 starters plunged into today's final 36-hole marathon, the players to beat John Quinn was working on a deal with the Cardinals for a veteran outfielder Del Ennis.

ment's only par-breaker so far, at 143, and 35-year-old Frank Stranahan at 144. Player shot a 68.

Jaycee Golf Meet Entries Due June 18

Appleton Junior Chamber of Commerce officials reminded today that entries are due by Wednesday June 18, for the annual Appleton Jaycee-sponsored Junior Golf tournament which will be held Monday, June 23, on Appleton's Reid Municipal Golf course.

Any youth from Appleton, Kaukauna, Kimberly, Combined Locks and Little Chute who will not have reached his eighteenth birthday by Aug. 18 is eligible to compete.

Entry blanks can be obtained at the P. and B. Berggren Brothers sport shops in Appleton, Reid Municipal and Egan Sport shop in Kaukauna.

Trophies will be awarded to the first, second and third locker room boys and didn't wait to find out.

Departing with him were such players as Gene Sarazen, twice winner of the Open, 1954 champion Ed Furgol, 1955 champion Jack Fleck and the current amateur champion, Hillman Robbins.

This stage in 18 National Opens was Sam Snead, who never has succeeded in winning this title. Cary Middlecoff, 2-time champion who shared the favorite's role, barely escaped the elimination with 154. Four-time winner Ben Hogan, suffering from an injured left hand, made a brief bid for the lead but wound up six strokes behind at 148.

Mayer Has 150

Dick Mayer, the defending champion, was father back at 150 and Ken Venturi, brilliant leader of the younger generation of touring golfers, had 152.

Tied for fourth place at 146 were Julius Boros, 1952 Open champion and one of the first-day leaders and two Oklahomans, former Amateur champion Charlie Coe and LaBron Harris, 50-year-old Oklahoma State University coach.

Snead still had an outside chance to qualify after he shot an 80 Friday for a 155 total. But he paid off his caddy and didn't wait to find out.

Departing with him were such players as Gene Sarazen, twice winner of the Open, 1954 champion Ed Furgol, 1955 champion Jack Fleck and the current amateur champion, Hillman Robbins.

Tommy Veech of Milwaukee failed to qualify for the final 36 holes when he added an 83 to his opening round of 80 for a 2-day total of 163. He was the only Wisconsin entrant.

LC-K '9' Defends League Lead Against Manitowoc Sunday

Valley Fair Plays Host To Harrison

FOX RIVER VALLEY LEAGUE

Menasha	4	Appleton	1
Reedsville	3	Harrison	0
Freedom	3	Two Rivers	0

Sunday's Games
Harrison at Appleton.
Little Chute-Kimberly at Manitowoc.
Two Rivers at Kaukauna.
Oshkosh at Reedsville.
(Only games scheduled.)

Thursday's Game
Freedom vs. LC-K (at Kimberly)

Saturday's Result
Menasha 11, Harrison 4.

Having disposed of the threat which Kaukauna posed to its firstplace status last weekend, the Little Chute - Kimberly baseball team engages another strong contender, Manitowoc, Sunday.

Second place Manty could take over the lead alone by handing LC-K its first loss.

Bob Schmidt, winner of three straight games, will probably get the starting call against Manitowoc. John Strzyzewski who has a 3-1 mark or, Billy Lutz will hurl for home-standing Manty. Lefthander Lutz, who also hurls for the Milwaukee Falke, twirled his first FRV league game of the season Wednesday night, stopping Kaukauna, 3-2, on a 4-hitter Wednesday night.

LC-K Breaks Loose
The Chuters, who averaged over 11 runs in their first three tilts, were held to one run during the first five innings by Kaukauna's Gerry Hopfensperger Sunday but then broke loose for six in the last two frames.

Appleton Valley Fair will attempt to stay out of the cellar by posting a home win over winless Harrison. Valley Fair pitchers have allowed 28 runs in the last three games and will be trying to return to the form they showed in holding Kaukauna to one run in the season opener.

Harrison's Hank Buelow (0-3) has been ineffective thus far.

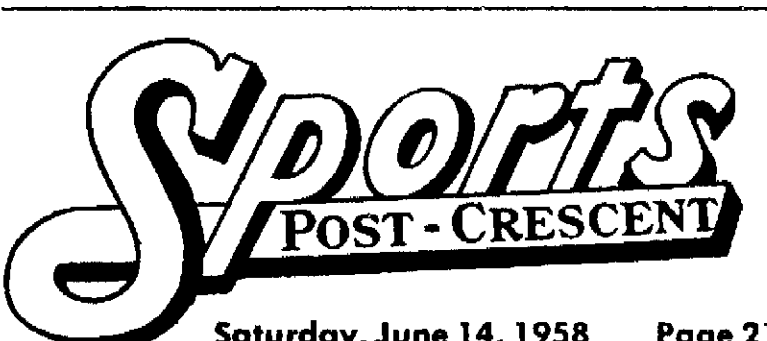

Tough-luck Kaukauna, which has dropped three games by a total of five runs, welcomes Two Rivers. Either Hopfensperger (1-2) or Joe DeBruin (1-1) will be on the hill for the Klubbbers. Ron Brault, who was credited with a setback in his first start last Sunday, will probably toil for Two Rivers, unless George Cisler gets the call.

Reedsville's Harold "Buck" Edinger will seek his fourth win in five decisions against Oshkosh. Jim MacKinnis (1-3) is his probable foe.

Wisconsin Rapids Pair Wins Medal In Best Ball Meet

(Special to Post-Crescent)
Rhinelander-Wisconsin Rapids High school boys Bill Brazeau, Dave Benbow and TAO Tom Lemons and Jim Hislop of Riverdale, Sheboygan, tied for medalist with 68 in qualifying Friday for NEW best ball meet at Rhinelander. Brazeau-Benbow won playoff with bird on first hole.

Thirty-eight teams entered, 16 in championship flight, 16 first flight, 6 consolation, 22 or lower needed for championship round. Among the qualifiers are Don Strutz-Dan Jabas (69), Bob Martin-Dan Steinberg, Jr. (70) and Karl Baldwin-John Lindberg (72) of Butte des Morts; "Pike" Peterson-Bob Sharp (70) of Menasha North Shore; and Robert Derus-Lew Cattanach (70) of Kaukauna Fox Valley.

Joey Jay Hurls Braves To 2-0, 6-Inning Win

Allows Cardinals Four Hits in 'Pressure' Showing

St. Louis —(P)— It was Friday the 13th when former bonus baby Joey Jay took the mound with his future with the Milwaukee Braves at stake. He won't forget the date.

Refusing to acknowledge the pressure, and the superstition, the 22-year-old right-hander last night stopped St. Louis Cardinals on four hits as the Braves won a 2-0 victory in a game cut to six official innings by rain.

Makes First Start
It was the second shutout and second complete game in the majors for the 225-pound Jay who has a 3-0 lifetime record with the Braves. It was his first start of the season. His other shutout came when he blanked Cincinnati 3-0 on three hits his first major decision Sept. 30, 1953. His other victory was in relief over the Dodgers.

Jay, the first Little leaguer

to make the majors, walked but one and struck out four as the Cards dropped their second in a row, both shutouts.

Only one of the Cardinal hits went for extra bases. Jay, who had pitched only seven innings in four games earlier this season, staked the Braves to their third straight victory. They remained first in the National league, a game and a half ahead of the San Francisco Giants.

Bruce's Singles
The game was actually halted in the Milwaukee seventh with Braves ahead, 4-0. But after a 30-minute wait, the second of the evening, the game was called and reverted to even innings. Play was delayed 84 minutes by rain between the first and second innings.

Charged with the loss and now 6-5 was former Cub Jim Brosnan who allowed seven hits, three of them by Bill Bruton who had a double and a pair of singles. He drove in a run and scored one.

The center fielder started the Braves on the way to their first run when he opened the game with a single, and moved

Fox Cities Golf Deadline Falls At Midnight

The entry deadline bell for the 1958 Fox Cities Amateur golf tournament tolls at midnight tonight. All mailed entries must be postmarked on or before that time to be eligible.

As of this morning, the registration roll for the fifth annual Post-Crescent tournament had reached 75.

The 36-hole medal play tourney for Fox Cities golfers with handicaps of 10 or less will be played June 21 at Neenah Bridgwood and June 22 at Appleton Butte des Morts.

Fox Cities Golf Tourney Rules

These rules will govern the 1958 Fox Cities Amateur golf tournament:

- (1) The tournament will consist of 36 holes of medal play, on a non-handicap basis. The first 18 holes will be played June 21 at Neenah Bridgwood. The final 18 will be played June 22 at Appleton Butte des Morts.
- (2) To be eligible, a golfer must be a resident of Appleton, Neenah, Menasha, Kaukauna, Little Chute, Kimberly or Combined Locks or else must be a member of one of these golf clubs: Butte des Morts, Neenah Ridgeview, Kaukauna Fox Valley, Appleton Riverview or Menasha North Shore.
- (3) Eligibility is further restricted to golfers with a handicap of 10 or less. Handicaps at the end of the 1957 season are acceptable.
- (4) The entry fee is \$4.00.
- (5) The entry deadline is Saturday, June 14. The entry blank, which will appear daily in the Post-Crescent, should be completed and submitted to the Post-Crescent Sports department, either in person or by mail. No entries will be accepted at the fee.
- (6) Tee-off times will be announced in the Post-Crescent at least two days before the tournament.
- (7) Tournament officials reserve the right to scratch golfers more than two minutes late for their scheduled tee-off times.
- (8) Play will be governed by USGA rules.
- (9) The Post-Crescent will furnish trophies for the individual winner and runnerup and for first place in the team event as well as prizes (based entirely on scratch scores except for duly noted instances involving ties) for about 20 per cent of the field.
- (10) Ties for first and second place in the individual competition will be resolved by a sudden-death playoff. Ties for other places will be resolved by a drawing. Ties in the team event will be broken by a sudden-death playoff among single representatives of each of the involved teams selected by the teams themselves.

Sadowski Gains Win In Relief

The Fox Cities Foxes will put a shiny, 4-game winning streak — their longest of the season — on the line tonight when they play third-place Cedar Rapids at Goodland field.

The streaking Foxes edged the Athletics, 8-7, on Carlos Pascual's seventh-inning sacri-

Payne Sadowski

fice fly Friday night to complete the sweep of their 4-game series at Rochester and to post their fifth win in their last six starts.

Cedar Rapids Here
Cedar Rapids will make its first Goodland field appearance in nearly six weeks at 8 o'clock tonight. The Foxes took an abbreviated season-opening series, two games to none, in early May.

Ron Dibelius, the Foxes' bonus player from Menasha, has been placed on the active roster and may get into tonight's ball game.

Ted Sadowski returned to his early-season pitching form last night to take the win in relief. Sadowski, who had been plagued by arm trouble, set down the A's with six hits and one earned run in 5 and 2/3 innings. He struck out six, including the final two batters in the ninth with the tying and winning runs on base.

The Foxes had their second big inning in a row last night. This time it was good for five runs. They scored on a bases-loaded woad to Jim Nisewonger, a sacrifice fly by Bob Van Dyke and a 2-on homer by Bob Payne.

In the second, "Tax" Taylor tripled off the right field scoreboard in right field to score Bob Tano, who had walked.

In the fourth, Taylor walked, took second on a wild pitch and scored on Pascual's double to deep center.

In the seventh with the score 7-7, Tano 7-7, Tano singled, and Don Danton and Taylor both walked. Pascual hit a fly to right which scored the decisive run.

Bert Guenther, making his first start in some time, was wild and failed to last out the first inning. He walked five of the first six men to force in two runs. Ernie Stusa relieved and put out the fire.

The A's added one in the third and three in the fourth on four walks and two singles. Sadowski relieved during the up-rising and retired the side with the help of a run-thwarting throw to the plate by Tano.

Rochester tied it in the sixth on a home run by Jackie Brathwaite.

Among the talent added by Cedar Rapids since its first visit here are two high-priced Milwaukee Braves bonus players, shortstop Dennis Menke and catcher "Hawk" Taylor. Taylor, who has also seen outfield duty, has continued to play this week despite suffering a chip-

Public Debt Up to Record High in State

Not Dangerous Since Total Valuations Also Taking Sharp Rise

Madison — The long-term public debt of Wisconsin governmental units is rising to record high totals and in annual jumps never before recorded.

But the state department of audit, which keeps an account of such governmental trends, hastens to point out that there is nothing dangerous about the total or the trend, since the total valuations of the state upon which debt is floated have risen even more steeply in recent years.

In fact, says the department, the relative position of the state with respect to its indebtedness is better than in some past years, in spite of the fact that total borrowings have exceeded all previous experience.

Last year, for example, the total long term debt of Wisconsin governments amounted to \$30.41 per \$1,000 of equalized valuation. In 1933 the comparative figure was a whopping \$41.38.

Same As Before W.W. II

The current debt load of Wisconsin localities, as measured against their taxable wealth, is about that of years immediately before World War II.

In the years of the war and immediately after it, debt ratios dropped rapidly as relatively little new construction borrowed money was possible, and the boom in the economy inflated the tax base. The rise has been steady and heavy in the last six years, however.

The outstanding long-term indebtedness of the subdivisions of the state (the state does not permit itself to go into debt, under its constitution) rose to slightly more than \$494,000,000 at the end of 1957. That debt was based on a record high equalized valuation of more than \$16 billion, J. J. Keliher, the state auditor, reported.

About half of the total debt is represented in school obligations.

Girl Questions Navy On Reason for Pasture

Annapolis, Md. — Information specialists at the naval academy thought they had answered every conceivable question about the navy.

Then a letter came from a young girl who had seen a television show about midshipmen.

"Is it true," she asked, "that the academy laundry puts extra starch in their underwear to make them stand so straight?"

Green Bay Cheese

Green Bay — State brand single daisies advanced one-fourth cent Friday while large styles were unchanged at the Wisconsin Cheese Exchange.

One car of single daisies sold at 35, 15 cars of cheddars at 31.

Bids unfilled: 5 cars cheddars 31, 2 cars U. S. Grade A cheddars 31, 5 cars 40-pound blocks 22.

Offers uncovered: 2 Illinois U. S. Grade A cheddars 31.

Trading tone firm on single daisies, steady on large styles, weak on U. S. Grade A cheddars.

Witness Not Seeing Double, Just Twins

Milwaukee — Authorities at first were inclined to discount the report of a witness who told of seeing two men, exactly alike in every detail, carrying loot from Miller's restaurant.

But then police arrested the culprits — 22-year-old identical twins.

This Skipper Is Keeping outboard safe, not only with care at the wheel but by maintaining life jackets and other safety equipment aboard.

You're the Skipper Overloading, Clowning, Overpowering are Risky

BY JOHN BOHANNAN

Overloading, overpowering and clowning are three sources of danger to outboard motor-boating fans—especially newcomers to the sport.

An example of all three was observed from the yacht club dock one Sunday afternoon. A flat-bottomed rowboat carrying seven adults and powered by an oversized outboard came wallowing along, loaded down to within a few inches of the gunwales.

About this time a cruiser, powered by twin outboards, overtook the rowboat. The young man at the wheel altered his course to pass close to the rowboat at full throttle. The show-off laughed and waved, then put the helm hard over and departed without even looking over his shoulder. Had he bothered to look, he would have seen what his wake had done to the smaller craft.

Conducting Drive

The rowboat quickly filled and capsized, leaving the occupants floundering in the water without benefit of a single life jacket or buoyant cushion. Fortunately they were rescued by two boats from the club.

The Outboard Boating Club of America is conducting a drive against overloading by attaching specification plates to the transoms of new boats. In cooperation with hull manufacturers, these plates indicate the maximum weight which should be carried, also the maximum horsepower for the outboard motor.

The weight of the motor, and of the gas tank completely filled with fuel, as well as the weight of other equipment such as anchors and ice-boxes should be subtracted from the total weight allowable to arrive at actual passenger-carrying capacity.

Take a look at the OBC plate on the transom of your boat. Note the maximum load capacity. Now add up the weight of your motor and equipment. What's left is the limit for you and your crew.

At this point we need to be frank. Just because you had three guests aboard last week who only averaged 150 pounds apiece, don't make the mistake of inviting three fat ones this week who range near the 250-pound mark. It's the total weight that counts.

If you have an older outboard boat which carries no plates, you can make a rough computation on the basis of 150 pounds in load-carrying ability to each

QUESTIONS AND ANSWERS

(1) What type of fire extinguisher should I carry on my 19-foot outboard cruiser?

A one-quart carbon tetrachloride extinguisher is best, since your greatest fire hazards—engine and fuel tank—are in open air. However, if you have a galley stove, it would be well also to have a four or five-pound carbon dioxide (CO-2) extinguisher, which is effective and safer in enclosed spaces. Carbon tetrachloride gives off a poisonous gas when it strikes something hot.

(2) My outboard boat leaves less wake when I am planing than when I am throttled down to the harbor. Speed limit here. Why can't somebody convince the authorities of this fact?

The authorities probably know all about the wake left by a planing hull. But a small harbor such as yours is no place for speed. If you are leaving a bad wake at the legal limit, throttle down more. Save your speed for the open water.

NAUTICAL JIVE

GUNWALE—The upper edges of a boat's sides.

WAKE—The disturbance left in the water by a boat after it passes.

MEASURE—A yacht club official who measures sails and hulls to certify them for racing competition.

PLANING—A boat is planing when it rises to the surface and skims over the water instead of plowing through it.

Marlene Hagge Retains Lead

Marblehead, Mass. — Marlene Hagge and Louise Suggs today stood 1-2 going into a double round at the \$12,000 Round Robin Women's Invitation Golf tournament.

Mrs. Hagge maintained her advantage with a plus 31-point score followed by Miss Suggs who gained 20 Friday for a plus 26 and second place.

Marlene has the advantage of youth over the veteran Miss Suggs and third-place Patty Berg (plus 13 points).

to third on a 1-base knock by Mel Roach. After Ed Mathews walked Hank Aaron's sacrifice fly allowed Bruton to score.

Del Crandall's single and Bruton's single produced the other Milwaukee run in the second.

The runs that were washed out came in the seventh off Billy Muffett who saw Mathews, the first batter he faced, poke a double. A walk to Aaron, a single by Johnny Logan and Crandall's bunt allowed the runs to go home.

The game was further enlivened by a hassle in the fifth inning that involved Logan, Card Manager Fred Hutchinson and Umpire Ken Burkhart. Hutchinson was thumbed out of the game.

He explained later that he had been "jockeying Logan and the umpire thought I was yelling at him."

After he was waved out, Hutchinson dashed to the plate and did jaw at Burkhart, with Logan joining the act.

Howard Hits 19th Homer As Jays Win

By The Associated Press

Green Bay's Frank Howard and his booming bat were back in the Three-I league headlines Friday night as first-place Davenport and runnerup Burlington were rained out for the second straight night.

Howard whacked his nineteenth homer and teammate Earl Robinson hammered another for Green Bay's 2-1 margin over Cedar Rapids. They came in the first inning. Jim Steinhour pitched a 5-hitter in his first start for Green Bay since being sent down from Des Moines of the Western league.

Williams Hikes Mark to .295; Tigers and Hoof Beat Yanks

By The Associated Press
Jackie Jensen and Dick Gernert have been slugging the home runs, and Frank Malzone has been battling with the bat, but look who's finally started to hit for the bustling Boston Red Sox—a guy named Ted Williams.

The "Big Guy," who last year won the batting crown at an unlikely 39 with an equally unlikely .368 average, has been having it tough so far. But, Friday night he cracked a pair of singles, drove in two runs and scored one while reaching his percentage high—.295—of the season as the Red Sox tightened their grip on second place with a 9-3 victory over Kansas City. That left Boston eight games

behind the American league leading New York Yankees, who were beaten, 4-2, by the Detroit Tigers. Cleveland defeated fourth place Washington, 10-1, and Baltimore and the Chicago White Sox ended a 5-5 tie at 14 innings because of a Baltimore curfew.

The Red Sox, winning eight of their last 10, handed 7-game winner Ned Garver his third defeat.

Tom Brewer, now 3-5, won the 13-hit Boston attack with a seven-hitter.

In defeating the Yankees, the Tigers won their third in four shots under new manager Bill Norman. It was Bobby Shantz' third consecutive defeat.

Billy Hoof won it for a 5-5 record, but needed relief help. He retired the first six he faced, then gave up Mickey Mantle's twelfth homer for a 1-1 tie in the fourth.

Ray Narleski won his eighth with a 4-hitter for the Indians. Chuck Stobbs lost his fifth.

The White Sox, blanked on two hits for eight innings, chased Jack Harshman with seven singles and five runs for a 5-4 lead in the ninth. Then Jim Marshall, pinch-hitting for Jim Busby, (whose 3-run homer junked Billy Pierce's 1-hit shut-out in the seventh), lined the tying home run off Bill Fischer with two out in the ninth.

Harold Carter Wins Handily Ends 17-Month Layoff With Nod Over Besmanoff

New York.—Harold Carter, the mystic, deep thinker, lover of poetry and philosopher (he says) is ready to start mingling with the top heavyweights.

Carter dropped Nietzsche and Keats to spar with Besmanoff (Willie), a heavy muscled German, Friday night at Madison Square garden. He got away with a unanimous decision over Willie although he tired in the late rounds.

"Did you have any poetic thoughts?" a man asked in the dressing room.

"I ran over a few lines," he answered. Sitting on a rubbing table, he spoke:

"If you can keep your head, while all around you men are losing theirs. . . ."

Gene Tunney wasn't around so the boxing writers couldn't check Harold for accuracy. It seemed every one had forgotten to bring their copy of Kipling to the fights.

All three officials scored it lopsided in favor of the 22-year-old boxer from Linden, N. J., who was coming off a 17-month layoff after serving in the army.

One Record Set In Preliminaries Of NCAA Meet

Berkeley, Calif.—Two great races, the mile and the 440-yard dash, highlight today's finals in the thirty-seventh annual NCAA track and field meet with Southern California's Trojans still the favorites.

Friday's preliminaries at the University of California's Edwards field saw many of the collegiate stars ease up and running just fast enough to qualify for the finals. But Les Carney, Ohio university sprinter, went all out to set a new record for 220 yards around a curve.

Carney sped the furlong in 20.8 seconds to eclipse the 20.9 set in 1955 by Northwestern's Jim Golliday.

Ireland's Olympic 1500 meter champion Ron Delaney and California's sub-4 minute miler Don Bowden top a bulky field in the mile. The 440 levels out as a personal duel between Ohio State's Glenn Davis and Eddie Southern from Texas.

Jesse Nixon of Wisconsin finished fourth in a qualifying event Friday to earn a place in today's championship 440-yard race. Nixon's time was 48.4 seconds.

Versatile, Absorbent Tycora Seen in Summer Fashions

BY EDWARD LAWRENCE
We're happy to see that a major men's wear manufacturer is now making use of a comparatively new, comparatively neglected man-made fiber, Tycora.

Tycora is a strong, absorbent stuff which is very soft to the touch. It's ideal for sport shirts, sweaters and socks. We know of no reason why this versatile fiber can't also be used for men's suits, too . . . if it is, we haven't heard about it.

Why don't we see more Tycora around? Possibly because it's expensive to make. Also, perhaps because of the established, well advertised position of the other test tube materials, such as Dacron, Orlon, Dynel and Acrilan.

But as Tycora moves in more strongly this summer and fall, we're bound to have more and more of it because it has qualities men want in sportswear—strength, absorbency, and plenty of "give" with body motion.

Striped ties certainly are here to stay. The new summer offerings, contrary to what one would expect after so many years of stripes, are "stripper" than ever.

Regimental stripes are interpreted in muted fabrics for summer in washable cotton and Dacron. Save your shiny shantungs for winter. The only gleam permitted in a summer tie is a bit of metal thread showing through an otherwise flat fabric.

Ordinarily the best advice to give the tie-picker is to pick one with two colors or less. But of the other test tube materials, these days, designers are having a lot of fun with six or more different colored stripes to a tie. As the eye becomes accustomed to them, these happy we're bound to have more and more flags might even be called attractive.

Stripes are also the most important motif in sport coats, but not so in summer suits. Solid colors and, for a small, well-

Cunningham Enters 3 Cars At Elkhart

June Sprints at Road America Set For June 21-22

Elkhart Lake, Wis. — Briggs Cunningham has entered his three Lister Jaguar sports cars in the International June Sprints at Road America with hopes of a better showing than in the car's American debut.

Entries for the first weekend of sports car racing on Road America this year close Sunday. About 130 drivers have filed for the June 21-22 competition.

The Lister chassis is powered by a 6-cylinder Jaguar engine and is made in England by Brian Lister, the owner of an iron works.

The Lister Jaguars carry a price tag of \$10,376 each. Drivers like it because its English breeding allows it to be tossed around corners with admirable ease, coupled with lightning acceleration.

Other entries include Doc and Peggy Wylie, a husband and wife driving team from Pennsylvania; Ernie Erickson of Chicago with a Porsche Spyder, and Danny Collins of Denver, Colo., driving a 250 Testa Rosa Ferrari.

Four 20-mile races will be held Saturday, June 21, and four races Sunday, the feature event a 152-mile race in the afternoon.

Antonelli Hurls Giants to 6-1 Win Over Phils

Giants Terminate Skid at 5 Games; LA Beats Pirates

By The Associated Press
Manager Bill Rigney is back on cloud nine. Willie Mays hits once again and a San Francisco Giant pitcher doesn't need help from the bullpen.

"Everytime I see Mays walk in the door I know I've got a chance," Rigney said after his second-place Giants broke a 5-game losing streak Friday night by tromping Philadelphia, 6-1.

Willie walked in the door Friday night and Rigney had thoughts of benching him. The Giant star got only one single in 23 times at bat. But the center fielder told the boss he wanted to play.

Neat 5-Hitter
"I knew then that everything was okay," Rigney said. Mays played, and Johnny Antonelli pitched a neat 5-hitter before a crowd of 18,068 fans. It was the first time a Giant pitcher had gone the full distance since June 1 when Antonelli beat St. Louis, 7-2.

Antonelli, who picked up his sixth victory against four defeats, struck out five and no Phillie reach first base until the fourth when Chico Fernandez walked.

Mays broke an 0-for-10 slump with a third-inning single. He is tied for the NL bat lead at .392 with Cardinal Stan Musial, who was 0-for-2 last night.

Los Angeles scored two in the ninth for a 5-4 victory over Pittsburgh. Cincinnati and the Chicago Cubs were idled by rain.

Dodger Clem Labine won his third in relief. Ron Kline was the loser.

May Defer Action on Hen Pheasant Issue

Female Birds Not Likely to Become Legal Targets This Year in North Where Shooting Has Been Sought

Post-Crescent Madison Bureau

Madison — The issue of making the hen pheasant legal game in the northern Wisconsin region where the species is relatively scarce will probably be deferred for at least a year. An upland game committee of the Wisconsin conservation congress has asked that the question be postponed, pending completion of field studies now being made by state game biologists on the reproduction of pheasants in the more northerly zones of the state.

Bullhead Lake Trout Dead

Planted in Spring, Killed by Remaining Chemical, State Says

Brillion — The 4,000 legal size rainbow trout planted in Bullhead lake by the Wisconsin conservation department are dead and with the trout died the hopes of hundreds of area anglers who hoped to work those waters this summer for the rainy rainbows.

Paul Schultz of the department's fisheries division says some of the chemical used to clear the lake prior to planting apparently settled on the bottom where it remained until spring when rolling current carried it to the top, killing the trout.

Schultz said, however, the 2,500 adult bluegills, perch and black bass survived. The department, he said, is testing the lake now for further effects of the remaining chemical. It has plans for planting 10,000 muskie fry and 1,000 fingerlings later.

Bullhead lake is 4 1/2 miles from Brillion. It will be the first lake in the state south of Highway 84 to be stocked with muskies.

Green Bay's Ewing Enters Yachting Race

Newport, R. I. — (AP) — The docks and coves of Newport were a beehive of activity today as more than 70 of the yachts due to start in the biennial blue water classic—the Newport-Bermuda race—were given the spot-and-polish treatment.

More than 200 of the sleek craft are expected to sail past Brenton Lightship for the 635-mile ocean jaunt. Among those entered is Clayton Ewing of Green Bay, Wis., who will make the race in his Dyna.

U. S. Cities Desiring 1964 Olympics Must File Bids by Sept. 1

Chicago — (AP) — The U. S. Olympic committee has filed notice that all United States cities desiring to play host to the 1964 Olympic games must file bids with the committee before Sept. 1.

K. L. "Tug" Wilson, committee president, said Thursday the committee will screen all invitations and the successful bid will be given the International Olympic committee by Dec. 1. The host city will be picked at the International's meeting in Munich, Germany, next May.

Detroit, Chicago, Minneapolis, Los Angeles and Philadelphia are expected to seek the 1964 games.

als from members of the congress lately that because most of the pheasants taken in the more northerly regions are stocked birds that are unlikely to survive the winter if not taken by hunters, the hen of the species should be made a legal target for sportsmen.

May Not Be Valid
But preliminary finds of field studies by the conservation department suggest that such an assumption may not be valid.

Such studies, charted on a 3-year basis, are now in their second year. It has already been shown that there are some wild pheasants in even the northern counties of the state and that they do reproduce. In only Vernon, Buffalo and Barron counties, according to field checks thus far, is there no significant natural reproduction and is the pheasant bag of hunters made up of planted birds for the most part.

The department wants one more year to continue its field investigations, before making policy recommendations that may shake up the state's traditional pheasant propagation and management programs.

One Alternative
One possible alternative: The stocking of male birds only. Such a plan would be possible, but more costly for the state game farm. Day-old pheasant checks could be segregated by sex as the commercial poultrymen now sex their freshly hatched chicks, it is pointed out.

It is clear, meanwhile, that the reproduction of the wild birds is vital to the pheasant hunters' sport in the southern counties, in spite of the heavy stocking program. In some southern counties more than 90 per cent of the hunters' harvest is made up of wild birds descended from wild stock.

Legal Size Trout Planting Irks Rice Lake Anglers

The state conservation department's policy of recent years of planting mostly legal sized trout in Wisconsin trout streams is not altogether pleasing to representative trout fishermen, a conservation congress fish committee recently discovered.

At a public hearing in Rice Lake, in Barron county, most fishermen who discussed the matter with the committee expressed a preference for the planting of fingerling sized trout. When legal trout are planted, moreover, they should be planted far enough before the opening of the fishing season to prevent the easy harvesting of the fish, the sportsmen added.

Teaching a Boy the fundamentals of good boating practice pays big dividends for the parent and fun and safety for the lad. In this series of pictures a youngster learns: How to properly moor a boat; the correct way to use the motor's gear shift and throttle in approaching the dock; the lighting system and how to safely enter and get out of the craft.

Public Land Buying For Fishing Favored

Stream Improvement Program Would Strengthen Trout Prospects

A more vigorous headwaters acquisition and stream bank improvement program to prop up the state's trout fishing productivity is gaining strength among Wisconsin sportsmen.

A joint fish and trout committee session of the Wisconsin conservation congress recently brought to the state conservation commission a resolution favoring an "aggressive" state program to protect trout stream headwaters from deterioration and the protection of stream banks for the preservation of water quality.

Particular Effort
The state should make a particular effort to buy up the spring sources of some of the smaller trout streams that remain in fair condition, said the committee. The resolution implied a willingness to support a substantial increase in state

spending for fisheries improvement.

The idea of public land buying for fisheries improvement has gained headway slowly, during a period when multi-million dollar sums have been spent for the purchase and leasing of hunting grounds to satisfy the demands of hunters living in crowded cities and experiencing troubles in finding places to pursue their sport.

The plan is a part of the general campaign for "habitat" improvement, which has been winning acceptance as a necessary preliminary, or at least a corollary, of artificial hatching and stocking of fish and especially trout.

\$185,000 Fund
Dr. E. W. Schneberger, chief of the fisheries division, recently explained that he has a \$185,000 sum for fisheries land acquisition, which is a relatively small sum for the huge expanse of the state. The money resulted from an apportionment of receipts of the increased fishing and hunting license charges voted by the legislature last year. Most of the new money was budgeted for game projects.

The fish and trout committee has also urged the conservation administration to persuade the state department of vocational agriculture to put stream bank improvement work in the vocational agriculture program of Wisconsin rural high schools.

County Game Club Plans First Practice Trap Shoot Sunday

The Outagamie County Conservation club will hold its first practice trap shoot of the season Sunday at the club farm, according to Sec. Henry Liebzelt.

Shells and traps will be available, Liebzelt said, and any shooter in the area is welcome to join in the firing. Club membership is not necessary to take part in shooting.

Liebzelt said the club will resume its program of poultry shoots later in the summer. The range, he declared, probably will be open most weekends through next fall. This Sunday's shooting will start at 10 o'clock in the morning.

Meanwhile, the club is caring for 2,000 pheasant chicks received from the state. The birds will be released at various points in the county early next fall.

Few Muskies Being Taken

Fishing Remains Poor in Fox Cities Area; State Fair to Good Elsewhere

Once again, Fox Cities anglers seeking good fishing will have to leave the area to find it.

Fishing in the Wolf river and Lake Winnebago continues to leave something to be desired. There is no indication, according to game wardens, when the situation will improve.

Elsewhere in the state angling ranges from fair to good. Black bass have been hitting in areas where these fish are moving into their spawning beds but these spawning activities have not started yet in some northern regions, according to conservation department personnel.

Muskie activity continues in many waters and is expected to improve with warmer weather. A 33-pounder was reported from Shell lake in Washburn county.

The county by county roundup:

Fond du Lac county — Warden Charles Schlumpf Jumbo perch starting to bite on south end of Winnebago with helptramples and Max (its nymphs) best bait. White bass limits being taken on west shore of Winnebago at Long Point. Walleyes slow. Muskie lake producing good catches of crappies and bluegills. Long lake, Round lake and Lake 15 producing good catches of panfish with northern good on Long lake.

Sheboygan county — Warden Glen Popple Panfish biting good in most waters. Lake Seven and Crooked lake producing best catches. Small files and poppers best bait. Some good catches of black bass being made on Lake Seven. Bullheads biting good at Sheboygan marsh.

Wausau county — Warden Heron Lemke: Best fishing excellent on all in the ninth that beat the Pirates, 5-4.

on Pleasant, Fish, Big Silver, Lower Mill Pond, Porters and Koosel lakes. Trout fishing very good. Some catches of May flies. Bluegills fishing very good. Walleye fishing poor.

Marquette county — Warden J. B. Washburn: Panfishing fair slowed down some. Trout good evenings. Wood lake good at night. Bass, northern good early mornings and evenings. Catfish good on Fox river.

Washington county — Warden R. J. Lake: Fishing fair. Bass fishing picking up evenings. A few northern caught on live bait. Bluegill fishing should pick up in the next week.

Brown county — Warden Robert Green: Some good catches in Dyckville area. Green Bay generally too rough for good fishing so far this year.

Oconto county — Warden Art Odnor: Waters normal. Trout fair to good. Fly fishing producing some large trout. Panfish hitting very good in shallow water. Bass and northern fair on artificials. Good on minnows.

Florence county — Warden R. A. Nixon: Bass fishing only fair on opening but should improve greatly as bass are only now moving onto spawning beds. Panfishing excellent at Spread Eagle, Keyes and Emily lakes. Poppers and flies affording lots of fun for the evening fishermen. Trout fishing continues to be good with flies most effective. Walleyes fair.

Oneida county — Warden R. G. Olson, L. M. Miller and A. N. Knudson: Walleye fishing fair to good on Sugar Camp Chain, George Butternut and Polan lakes. Muskies showing some action in Wisconsin river, George Dig, Arbor Vitae, Minocqua and Tupper Lakes chain. Some nice catches of largemouth bass taken in Madeline, Cass and Frank lakes. Bass generally good throughout county. Panfish biting very good in most waters.

Shawano county — Warden Phil Ziemann and O. K. Johnson: Walleye, biting good in Shawano lake, drifting with either minnows or night crawlers. Northern and black bass catches only fair. Bluegills and sunfish good when conditions are favorable. Trout streams are now high and fish are filled up. Some good catches.

Langlade county — Warden Carl Miesch and Ed Thall: Waters improved by recent rains. Trout fair stream fishing now productive. Walleyes and muskies slow to fair. Northern bass fair to good. Panfish good to excellent. Limit catches made, especially on warm evenings.

Marquette county — Warden Ralph Richardson, Ken Kazmar and Tom Albers: Fishing generally slow due to cold weather. Bass opening poor but a few days of warm weather should show a great improvement. A few bass have been taken on worms. Walleye fishing improved, northern action slowed. Panfish slow.

Foresters Ask More Liberal Deer Seasons

Commission Agrees To Submit Request To Congress Talks

Custodians of the huge federal forests of upper Wisconsin are again campaigning against the deer as an enemy of their beloved tree plantations.

The state conservation commission has agreed to submit to the June meeting of the Wisconsin conservation congress here, without comment, the urgent request of the federal forest service for more liberal deer shooting in substantial sections of the Chequamegon and Nicolet national forests in northwestern and northeastern Wisconsin, respectively.

'Any Deer'
The forest service has asked for the legalization of an "any deer" shoot in designated portions of the national forest preserves, and an exceptionally early season. It named November 8 as a suitable date, which would be earlier than any deer shoot authorized in this state in modern times.

Conservation commissioners didn't respond to the foresters' proposal with any enthusiasm, but they agreed to submit it for a vote of the county delegates to the congress here next month. Presumably if the congress backs the idea of more liberal shooting in the federal preserves the commission will respond more favorably.

Earlier Date
But the earlier date is unlikely. Commission Chairman Leonard Seyberth of Eau Claire remarked that the Nov. 15 opening which is being suggested for the state as a whole next fall, and which is one week earlier than usual, is early enough for his tastes.

(All official comments have indicated that the conservation administration is likely to repeat the main provisions of the shooting season of last fall, providing for the harvesting of spike horn bucks and a party permit system providing for special licenses in groups of four persons for the taking of an additional deer of any age or sex. The commission will vote on the deer and other game regulations in July, probably at a meeting in upper Wisconsin.)

State Plans Survey of 320 County Farms

Seeking Data for Employment Trends Study, WSES Says

A survey of about 320 Outagamie county farmers will be undertaken next week to determine agricultural employment trends.

Data gathered by Omer P. Croydt, Wisconsin State Employment Service field representative, will be used by the Appleton WSES office and Outagamie County Agent John E. Powers.

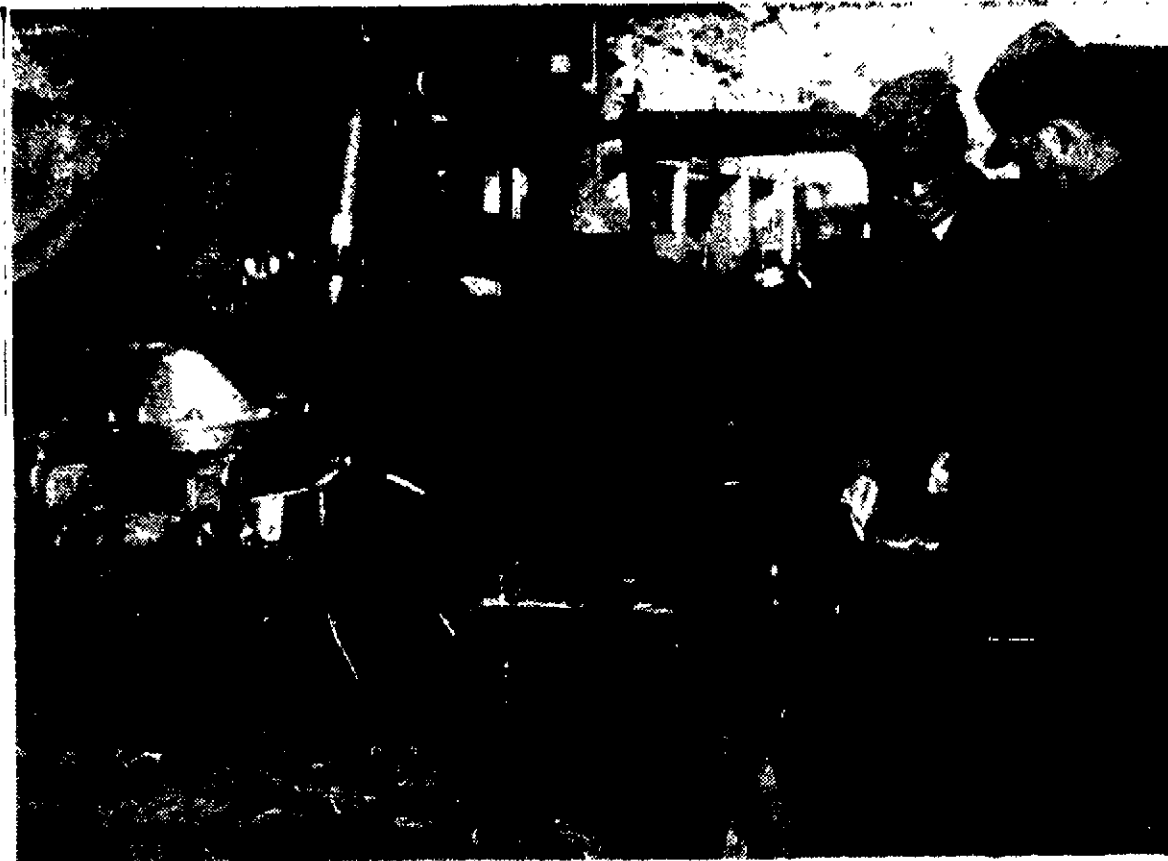

Data also will be forwarded to the state employment service in Madison and the United States department of labor's bureau of employment security.

The WSES and Powers hope to find patterns which will enable them to provide more effective service to farmers by concentrating their activities in areas and at times when demands for farm labor are highest. Fred R. Gehrke, WSES Appleton manager said.

One of Seven Outagamie is one of seven counties in the state selected for the survey. Surveys have been completed in Fond du Lac, Dane and Jefferson counties.

Croydt will ask for acres in hay, small grains, corn, sweet corn, red beets, potatoes, lima beans, snap beans, cucumbers, cabbage, tobacco and peas.

He will want to know the number of unpaid family workers each farmer has and how old the workers are. He will want to know how many year-round salaried hands and how many seasonal salaried hands each farmer employs in a year. He also wants to know how much cooperative harvests are undertaken with the aid of neighbors.

Appleton National Guardsmen Were up early this morning to leave for two weeks of summer training at Camp McCoy. Shown, left to right, strapping a gasoline can on a recoilless rifle vehicle are Privates First Class Richard Kuettel, Hortonville, and Robert Gehring, route 4, Appleton, both members of Company A, 426th Infantry regiment. Pelton Won't Join Any Bond Referendum

Supervisor Outlines Position in Letter To Mayor Mitchell

"I have no intention of joining in any movement to force a referendum on the county bond issue," Glenn E. Pelton wrote Mayor Clarence Mitchell Friday.

Pelton, Twelfth ward county board supervisor, was highly critical of a county bond issue to defray the county's share of College-to-Candee high level bridge costs when the county board debated the issue Tuesday.

"I opposed the methods employed by the board to give appearance of legality to the act of bonding the county for the county's share of the Appleton bridge project," Pelton told Mitchell.

Unethical "I felt—and still feel—that creation of a county trunk highway over several blocks of the city . . . for the sole purpose of giving a county bond issue the appearance of legal-

2 Injured as Cars Crash on 47

Two persons were hurt, neither seriously, in a 2-car crash on Highway 47 Friday night.

Taken to Appleton Memorial hospital by Burdick's ambulance were Fred W. Genrich III, 30, Wausau, and Harriet Harms, 24, Ripon. Genrich received chest injuries and cuts on his chin and nose. Miss Harms, a passenger in his car, received a possible broken elbow and knee and a possible concussion.

Genrich's 1953 car collided with the 1951 car of David LeNoble, 18, route 1, Black Creek, as LeNoble turned left into a farm driveway. Both cars were headed south on 47. County Policeman William Block, Jr., estimated damage to the cars at \$300 each.

Former New London Dentist Dies at 76

Dr. George A. Ostermeier, 76, 306 W. Spring street, New London, died this morning at his home after a long illness. He was born Nov. 4, 1881, in New London.

He practiced dentistry in the city for 30 years before retiring in 1939. He was a former member of the Waupaca county and state Dental societies.

Funeral services will be at 9:30 Tuesday morning at Most Precious Blood Catholic church, New London, with burial in the parish cemetery. Friends may call after 9 o'clock Sunday morning at the Kircher Funeral home, New London, where the rosary will be said at 8 o'clock Sunday night.

He is survived by a brother, Edward, and two sisters, Mrs. Matt Knapstein and Miss Gertrude Ostermeier, all of New London.

Today's Deaths

Mrs. Jenny Staeben

Mrs. Jenny Staeben, 87, Manitowoc, a former Seymour resident, died Friday morning at Sheboygan after a long illness. She was born Oct. 9, 1870, in Sheboygan county.

Funeral services will be at 2 o'clock Monday afternoon at the Muehl Funeral home, Seymour, with the Rev. Theodore Uetzman, pastor of Emmanuel Lutheran church, Manitowoc, in charge. Burial will be in the Seymour cemetery. Friends may call at the funeral home after 2 o'clock Sunday afternoon.

She is survived by three daughters, Mrs. Lenora Daniel, Appleton; Mrs. Melvin Hogel and Mrs. Lorinda Kuehne, both of Manitowoc; four grandchildren and four great-grandchildren.

Joseph Rothe

Joseph Rothe, 71, 129 S. Outagamie street, died Friday after a 3-year illness. He was born Sept. 13, 1886, in Oshkosh and was employed by the Kimberly-Clark corporation until he retired seven years ago.

Funeral services will be at 3:15 Monday afternoon at the Wichmann Funeral home with burial in Riverside cemetery. The Rev. F. C. Reuter, pastor of First English Lutheran church, will officiate. Friends may call at the funeral home after 2 o'clock Sunday afternoon.

Survivors include his wife; one daughter, Mrs. Lloyd Krueger Appleton; three brothers, Frank, Milwaukee, George, Fond du Lac, and Roman, La-Crosse; and one grandchild.

2 Slightly Hurt In 2-Car Crash

Two persons were slightly hurt in a 2-car collision shortly after 10 o'clock this morning at N. Drew and E. Marquette streets.

Taken to Appleton Memorial hospital by Larry's ambulance were Mrs. James Denil, route 5, Oshkosh, and Miss Carolyn Gresl, 2220 N. Richmond street.

Mrs. Denil received a possible broken shoulder and bruises and Miss Gresl bruises.

The Rev. John Haen, from St. Mary church, St. Anna, to pastor of St. Anne church, Francis Creek.

The Rev. Lawrence Stingle, from St. Mary church, Florence, to pastor of St. Anne's, St. Anna.

The Rev. Charles Fredericks, from Our Lady of Lourdes, Florence, to pastor of St. Mary, Florence.

The remainder are temporary.

Effective June 13: The Rev. Donald Burkart, newly ordained, to Holy Family, Elcho.

Effective June 20: The Rev. Ralph Merkatoris, newly ordained, to St. Ambrose, Wabeno.

The Rev. James Feely, newly ordained, to Holy Family, Elcho.

Fire in Corner Box Partly Destroys Mail Sacks, Letter Saved

Two mail sacks were partially destroyed in a fire inside the corner mail box at W. Eighth street and S. Mason street about 11:40 Friday night.

A lone letter was damaged, but not destroyed and was to be delivered today, Acting Postmaster Francis Sumnicht said.

Firemen said the cause of fire is unknown. The fire burned itself out from lack of oxygen.

Postal inspectors will be notified today, Sumnicht said.

Firemen received one other call Friday night, straightening a flare which had tipped at N. Richmond street and W. Packard street.

Thomson Hits At Democrats

proposals, they contended, had been supported by their party long before Thomson had decided to support them.

The governor's signature is expected on the unemployment compensation bill in time to put it into effect June 21. It would extend the benefit period from 26½ to 39½ weeks and temporarily increase weekly benefits from \$38 to \$42. Under the bill as amended, the \$4 increase would be dropped next April.

Thomson had proposed dropping the maximum back to \$40 in April.

The measure would provide benefits for about 30,000 workers whose benefits have expired. They would be eligible for an additional five to 13 weeks, depending on how long they had worked in "covered" employment.

Federal Grants The estimated \$10 million cost of the program would come from the state unemployment reserve fund's "balancing account" which totaled \$50 million on June 1.

Federal grants would cover costs of administering the new benefits they would also finance additional temporary benefits payable to veterans, and certain federal workers who are out of work.

The urban renewal bill, as drafted by the Milwaukee common council and recommended by the governor, ran into heavy opposition when the session began Wednesday. Its revision, after the public hearings Thursday, delayed the session most of that day.

After receiving assembly approval, the proposal ran into more opposition in the senate. Democrats there tried to eliminate a provision requiring appointments to urban renewal authorities to have confirmation by four-fifths of a municipality's governing body. They sought confirmation by either two-thirds or a simple majority.

Supporters agreed that the bill as passed would enable cities to participate in federal aid for slum clearance projects.

Changes in the residency law proposed by the governor rode out amendment attempts by both parties. As approved, it would enable Wisconsin residents who leave the state to retain their eligibility for public assistance if they return within one year.

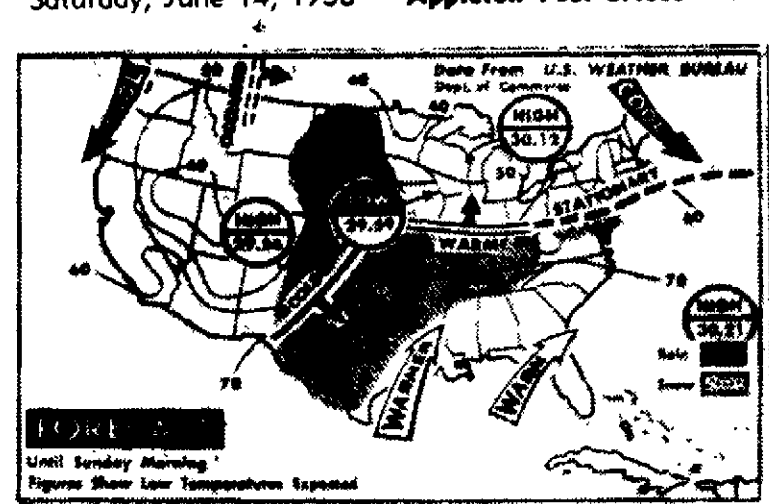

Former Kaukauna Man Dies in California

John Draweniek, 54, formerly of Kaukauna, died Thursday night of a heart attack at his home in Fontana, Calif.

He lived in Kaukauna for about 30 years prior to joining the navy and moving to California. Survivors include one sister, Mrs. Clara Williams, and one brother, Joseph, both of Chicago.

Take Stamp Orders

The Appleton post office is taking orders for printed stamp envelopes with the new 4-cent stamp, according to Assistant Postmaster Edward Pirner.

Showers and thunderstorms are forecast for tonight for the Great Plains, eastern slopes of the southern and central Rockies, central Mississippi valley and Ohio valley. Temperatures are expected to be higher in the northern and central plains and cooler over the middle Atlantic states and New England. (AP Wirephoto)

Sunny Skies Return to Wisconsin

More Downpours Hit Indiana, South; Tornadoes Reported

Sunny skies greeted Fox Cities and state residents this morning after a cool night. The predicted showers failed to materialize except in the southern part of the state.

Appleton had a low of 42 degrees overnight following a high of 71 Friday. The temperature at 10:20 this morning had climbed back up to 60 with the wind from the southeast at six miles an hour. The barometric reading was 30.21 inches.

The state forecast calls for fair and a little warmer tonight. Sunday will be partly cloudy with showers and scattered thundershowers likely, mostly in the south. A little warmer most sections Sunday. Low tonight will be in the 40s in the northeast and in the 50s southwest. The outlook for Monday is for partly cloudy and cooler.

Weather Elsewhere

Skies cleared over waterlogged sections of the midwest today while thundershowers rumbled across the south and dumped rain from Texas into New England.

A cooler trend north of the Ohio river came in the wake of fresh downpours on flooded areas of Indiana and a night of thunderstorm and tornado activity in Texas and Missouri.

The Wabash river rose for the second time this week in Indiana and Mayor J. Robert Mitten of Wabash declared a state of emergency and asked the national guard to help evacuate families.

LaFayette, soaked by 3.3 inches of rain Friday, expected a crest of up to 26.4 feet on the swirling Wabash today, a foot higher than Wednesday's crest. Similar flood stage and higher crests were forecast downstream.

70 MPH Winds

Winds clocked at 70 mph whipped a narrow path several miles long across Macon county in central Illinois Friday night, smashing numerous farm buildings, uprooting trees and downing utility lines.

A violent wind squall, at first believed to be a tornado, unroofed buildings, uprooted trees and hospitalized one person at Bordentown, N.J.

Trees were uprooted, utility lines snarled and houses damaged by a twister which struck Concordia, Mo., some 60 miles east of Kansas City. A small twister also churned out of a thunderstorm and did some damage to a farm some 15 miles east of Tulsa, Texas, Friday.

There were reports of high winds, very heavy rain and hail from several communities in the Jefferson City, Mo., vicinity.
